Three Rivers School District
Quality Education Runs Deep

SCHOOL BOARD MEETING REPORT

Board Meeting Date: November 18, 2026 **Agenda #** _____

Staff/Administrator: Stephanie Allen-Hart **Superintendent:** Dave Valenzuela

Type of Item: ☐ *Informational* ☒ *Action*

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

Each Spring the school board approves a set number of transfers in from other school districts for the upcoming school year. This past year, 190 slots were approved. I would like to recommend we close the remaining 101 open slots for this school year. We would still take students that meet transfer requirements for hardship as well as students of staff members, siblings and any that might move out of the distirct and want to stay with TRSD for the remainder of the year.

Provide history/background information on your proposal.

Given our current class sizes and not having any transfer requests in the last few weeks I am recommending closing our last remaining open slots.

List the advantages of your proposal:

This procedure follows the interdistrict transfer laws and policies and allows us as much flexibility to meet student/building needs as possible. At this time of the school year, the vast majority of classes have settled, and routines have been taught and established. We believe it is in the best interest of current students and staff to close IDT slots at this time. We will still be able to accept and process both remainder of the year and hardship requests.

List possible disadvantages of your proposal:

Potential impact on ADM. However, we will have not had a transfer request for over 2 weeks and we will still admit students on a hardship or that have moved and want to continue with TRSD.

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

We could change the number of slots available based on board input.

Superintendent's recommendation(s): **Approve:** Yes ☐ No ☐
