**Board of School Trustees**
**Mansfield Independent School District**

TITLE: Consideration and Approval of 2026-2027 Local Improvement Plans (LIP)

DATE: November 17, 2026

## ACTION

**BACKGROUND:**

The Texas Education Agency (TEA) requires districts and campuses identified for intervention to develop and implement a Local Improvement Plan (LIP). A Campus Improvement Plan (CIP) may serve as the LIP when all state-required components are included.

The 2026–2027 Local Improvement Plans outline strategies, actions, timelines, and progress-monitoring measures designed to address identified needs, improve student performance, and support continuous improvement. The plans were developed in collaboration with campus and district leadership and align with state accountability requirements.

Board approval is required no later than November 20, 2026, with implementation underway by that date.

**RECOMMENDATION:**

The Superintendent recommends the approval of the 2026-2027 Local Improvement Plans as presented.
