ADMISSIONS FDA
INTERDISTRICT TRANSFERS (LOCAL)

Authority

The Superintendent or designee is authorized to accept or reject any transfer requests, provided that such action is without regard to race, religion, color, sex, disability, national origin, or ancestral language.

A resident student who becomes a nonresident during the course of a nine-week grading period shall be permitted to continue in attendance for the remainder of that grading period.

New Transfer Requests

A new nonresident student wishing to transfer into the District shall file an application for transfer with the Superintendent or designee. Transfers meeting factor criteria shall be granted for one regular school year at a time.

Renewing Transfer Requests

All previously approved nonresident transfer students wishing to continue transfer status for the following school year will automatically have factors reviewed at year's end. Renewed transfers shall be granted for one regular school year at a time.

Factors

In approving transfers, the Superintendent or designee shall consider availability of space and instructional staff and the student's disciplinary history, grades, test scores, and attendance records.

Transfer Agreements

A transfer student shall be notified via email in the written transfer agreement that he or she must follow all rules and regulations of the District. Violation of the terms of the agreement may result in a transfer request being revoked at any time.

Appeals

Any appeals shall be made to the District-level administrator responsible for interdistrict transfers.
