GOAL: 1

OBJECTIVE: 1

SUBJECT: Consider Board approval of the 26-27 Scott Johnson Elementary School (SJE) Campus Turnaround Plan (TAP).

RATIONALE: Under state accountability requirements, a campus is required to develop a campus Turnaround Plan (TAP) after receiving a second consecutive unacceptable rating. If a campus receives a third consecutive unacceptable rating, it must begin implementing the TAP. Based on the recently released 2026 accountability ratings, Scott Johnson Elementary meets these criteria. In response, and in collaboration with campus stakeholders, a campus turnaround plan was developed to drive improved student learning outcomes.

The key components of the plan outlined below include a comprehensive school improvement strategy; curriculum and instructional initiatives designed to enhance student learning; job-embedded professional development to build staff capacity and provide ongoing support; clearly defined milestones to guide implementation; a performance management system to ensure fidelity of execution; and the allocation of necessary resources to sustain implementation efforts.

Prior to seeking board approval, a public hearing was held identifying SJE as a campus identified for school improvement. The hearing was to notify the public of the insufficient performance of the campus, the improvements in performance expected by the agency, and the intervention measures or sanctions that may be imposed if the performance does not improve within a designated period. Public comments were solicited on the plan, and the board posted the plan on the campus and district website prior to the hearing.

RECOMMENDATION: The administration recommends that the District approve the 6-27 campus Turnaround Plan for SJE.
