GOAL: 4
OBJECTIVE: 4A

SUBJECT: Consider Board approval of Technology Supplies and Equipment bid.

RATIONALE: State law requires an approved method for acquisition of goods or services totaling over $50,000.00 for a 12-month period. Estimated expenditures for technology supplies and equipment exceed that amount.

Bid packets were posted online and responses were received from thirteen (13) vendors.

RECOMMENDATION: This will be a "catalogue" type bid award. Due to the urgency involved in the repair or replacement of computer equipment and the sometimes unavailability of items from a particular vendor, the administration recommends multiple awards to all responding vendors so that supplies can be purchased in a timely manner.
