Region: Clackamas Position #: 7

I certify that if elected I will faithfully serve as a member of the OSBA Board of Directors. My nomination form has been submitted to OSBA (or is attached to this document) as evidence.

Maegan Vidal September 27, 2026

Name Date

Be brief; please limit your responses to 50 words per question.

1. Describe in your own words the mission and goals of OSBA.

The mission of OSBA is to support all public-school boards with the information, tools and training they need to lead their school districts to make the best possible policy and achieve the highest outcomes for all students, teachers, leaders and staff.
OSBA has five goals which bolster its four areas of strategic focus. The goals are to stabilize the association; maintain relevance through communication, information and professional development; provide a robust training program for board members; and advocate for adequate funding for all public schools.

2. What do you want to accomplish by serving on the OSBA board of directors?

I want to represent the Clackamas region's school districts' unique needs on the boards. I grew up in Clackamas County and am very attuned to my community and region. I am passionate about advocating to the legislature for adequate school funding. I have attended all OSBA legislative days and have provided public comment in-person and writing to education focused legislative committees.

3. What leadership skills do you believe you bring to the board of directors? Give an example of a situation in which you demonstrated these skills.

The leadership skills I bring to the board of directors is sering as Vice Chair while having to make difficult decisions in the face of sustained economic hardship and passionate public sentiment. The West Linn-Wilsonville School District closed two schools in 2026. Many districts across the state are facing this same decision. I will bring my experience grappling with community members and budget realities to the board of directors.

OSBA Board of Directors

4. What do you see as the two most challenging issues faced by OSBA?

The two most challenging issues faced by OSBA are stable and equitable funding for all Oregon schools and the vilification of public schools and teachers by the two candidates running for governor.

5. What do you see as the two most challenging issues faced by your region?

The two most challenging issues faced by my region are the special education funding gap and rising costs of PERS.

6. What is your plan for communicating with boards in your region?

My plan for communicating with boards in my region is to develop relationships with all of the board chairs in Clackamas; ask them what their needs and challenges are regarding policy, training and advocacy; report back to the OSBA board of directors and keep them apprised of the OSBA board of directors' activities and events.
