Transportation Department Monthly Board Report

Subject: Transportation Department Monthly Report to the Board

Dear Board of Trustees and Superintendent,

I am pleased to present the monthly operational report for the Hallsville ISD Transportation Department. It has been an exceptionally productive and successful month for our team.

Below is an executive summary of our recent activities and operational developments:

- **Extracurricular Operations:** Our department successfully managed and fulfilled a heavy volume of transportation requests for extracurricular activities, safely transporting students across all scheduled district programs and events.
- **Fleet Optimization:** We have finalized the public auction of our retired bus fleet, allowing us to decommission older units and optimize overall fleet resources.
- **Facility Extension:** Construction on the transportation facility expansion is progressing smoothly and remains aligned with project expectations.
- **Personnel & Staffing:** Following the Thanksgiving holiday, we will welcome back several drivers who are returning from extended medical leave. Their return provides welcome reinforcement to our daily routing operations.

We extend our sincere appreciation to the Board and administration for your ongoing leadership and support. We ask for your continued prayers for the health, safety, and protection of our students and staff.

Respectfully submitted,

Roy Presley
Director of Transportation
Hallsville Independent School District
