Hallsville Independent School District

For the Consideration of the Board of Trustees

Date of Board Meeting: November 16, 2026

Topic: Capital Outlay Purchase Exceeding Threshold

Background and Rationale:

Using federal funds from our Perkins Grant, CTE instructor and program director are requesting to purchase eight Miller XMT 400 Migrunner Intellx with the Elite Package from Nippo Sanso to be used in the Ag Mechanics Lab at Hallsville High School. This purchase will give our students the opportunity to learn and perform skills that are used in business and industry. Thus, better preparing our students to be successful in the workplace after graduation from high school. See Quotes below:

Airgas – $166,096
Granger - $138,645.76
Nippon Sanso - $108,323.44

Relationship to Strategic Plan:

Career Readiness Skills

Personnel Affected:
Kathy Gaw

Thomas Beranek

Budget Implications:

- [x] Include in this year's budget
- [ ] Increase in this year's budget required
- [ ] Expenditures required for next year's budget
- [ ] N/A

Recommendation: Purchase from Nippon Sanso for $108,323.44

Kathy Gaw

XMT 400 series multiprocess welders have features that compensate for variations in operator technique and offer more forgiving arcs, providing a wider operating window.

- **Auto-line technology** allows hookup to either single-phase or three-phase primary input voltage with no manual linking, making it ideal for dirty or unreliable input power.
- **Fan-on-demand feature** operates the power source cooling system only when needed to reduce noise, energy use, and contaminants pulled through the machine.
- **Adaptive hot start** prevents the electrode from sticking during stick arc starts.
