Construction Update
Discovery

04 Preparing for Asphalt

Grade work mostly finished and bridging in road base. Asphalt will probably be next Monday weather permitting

05 Upcoming Milestones

Preparing for asphalt this week, the first asphalt possibly Friday or next Monday. Curb and Gutter will be finished this week.

Construction Update
New Elementary in Tremonton

01 **Surcharge is complete. Gravel is now being cleared and used.**

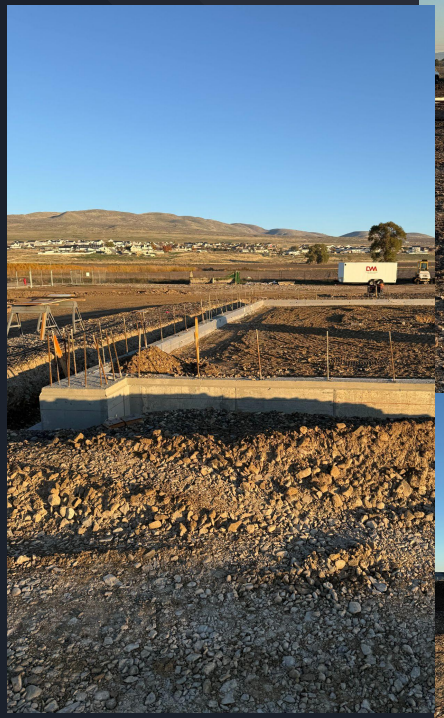

On November 2nd we received clearance to end the surcharge.

02 **North side footings and foundations are progressing**

03 **Regular construction meetings starting.**

OAC Meetings starting Thursday.

Additional Projects Still Happening

01 South Trans. Building mostly complete

Diesel Tank is in and asphalt is complete. Just finishing up the electrical and final touches this week hopefully.

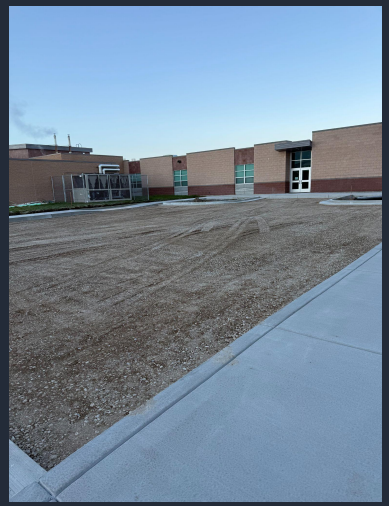

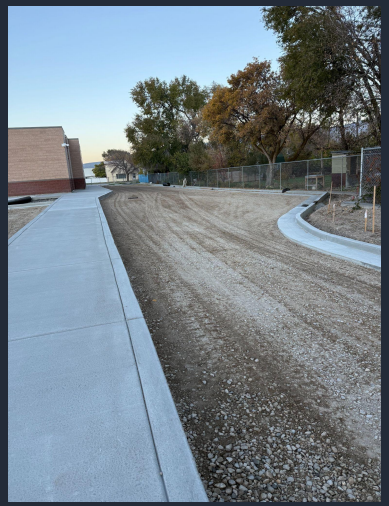

Additional Projects Still Happening

02 Garland Parking

Asphalt being done today, then final touches next week.

03 McKinley Parking

Finishing last of cement today and preparing for asphalt hopefully next week weather permitting..

Additional Parking at Bear River

04 Preparing to start additional parking lot approved at the last board meeting.

Had some difficulties with temporary parking lot, lost our bet with mother nature, but resolved the issues and will begin removing grass on permanent lot this week.
