BRAZOSPORT INDEPENDENT SCHOOL DISTRICT
Regular Meeting of the Board of Trustees
November 16, 2026

BOARD:	Hearing
SUBJECT:	Campuses Identified for Targeted Improvement
BOARD POLICY:	AIC (Legal)
DISTRICT GOAL:	Brazosport ISD will provide a rigorous and relevant learning experience to ensure that every student will B*Future-Ready.
FISCAL NOTE:	N/A

Background Information:

- A district or campus that is assigned a rating of D that qualifies under Education Code 39.0543(b) [see AIA] shall develop and implement a Targeted Improvement Plan using the guidance provided by TEA.
  - The completed Targeted Improvement Plan must be presented at a public hearing.
  - Freeport Intermediate School was identified for comprehensive support and improvement (CSI) in 2025. To identify schools for CSI (CSI-Identified, CSI-Reidentified, or CSI-Progress), TEA annually ranks all Title I campuses based on Closing the Gaps scaled scores. The first time a school meets the CSI-Low Performance criteria, they are identified as CSI-Identified. If they meet exit criteria in their first year, they are redesignated as CSI-Progress. Freeport IS was designated CSI-Progress for 2026, and if they once again meet CSI exit criteria in 2027, they will no longer be identified for comprehensive support and improvement.

Administrative Considerations:

- Each CSI campus is required to convene a Campus Intervention Team and work with their CEIC to develop a Targeted Improvement Plan with support from their Region Education Service Center to develop a Targeted Improvement Plan to be presented in a public hearing, approved by the Board of Trustees, and then submitted to TEA.

Communication Deployment:

- Board Meeting minutes
- District Website
