Re: Joliet Central High School Main Gym Floor

In continuation of athletic upgrades, the Joliet Central main gym floor has not been completely sanded and relined in over 20 years. Old logos, and lines are outdated and obsolete.

The project was bid and purchased through the TIPS Purchasing Cooperative, which is a State approved bidding process. The district received two bids. After scope and review, the district is recommending Consolidated Flooring, in the amount of $93,500.00. The project will be completed the Summer of 2027 and be funded through the Operations and Maintenance fund.

The administration recommends the Board of Education approve the hiring of Consolidated Flooring in the amount of $93,500.00.
