Course Launch
6 Core Offerings

PHASE 3
Scaled Growth
Expanding Curriculum

BOX ELDER SCHOOL DISTRICT

April 2025: Initiation & Planning

The journey to establishing BESD Online core course offerings

01

Leadership Directive

Mr. Mecham requested exploring online options to expand district offerings.

02

Faculty Collaboration

Gathered 2 to 3 key teachers from each graduation-required subject area.

03

Demand Analysis

Analyzed student data to identify courses with the highest enrollment in SOEP.

04

Initial Launch

6 Courses for 2025–2026

- Part Skills
- Fit for Life
- Financial Lit
- Earth Science A
- ELA 11
- Geography

Making it Successful

Key operational pillars supporting personalized student achievement

Self-Paced Learning

Students can work at their own pace

Dedicated Mentors

Hired 2 online mentors to call and work with students and parents

BESD Standards

Create courses based on BESD priority Standards

Competency Grading

Competency based assessments and grades

BOX ELDER SCHOOL DISTRICT

What Success Looks Like

Goal: BESD will lower the number of enrollments in SOEP by creating high-quality online courses

High Pass Rate

86%

86% of students are passing the course

Schedule Flexibility

Students have flexibility in their schedule

Learning Choice

Students have a choice of how they learn

New Pathways

Students who were not successful in person are finding success

BOX ELDER SCHOOL DISTRICT

Future Goals

Strategic roadmap for expanding online learning accessibility and effectiveness

Full Online Coverage

Have all 24 graduation requirement courses have an online options

Reduce SOEP Reliance

Decrease the number of students from BESD taking SOEP courses

Younger Grade Pathways

Start opening online options for younger grades starting in 8th and moving slowly
