November School Board Report: Jeff Cole, Activities Director

This fall closed out with some exciting postseason moments. We hosted the Region 1A Section football game on October 27 with several radio and TV outlets broadcasting it, and the LARP cross country boys' team and an individual girls' champion advanced to the state meet.

In preparation for the upcoming seasons, we sent the varsity basketball and wrestling schedules to the RAOA scheduler and restructured our holiday basketball tournament after several teams withdrew, including a girls' showcase on December 29 and 30. The boys' side is in a holding pattern, and we're considering adding regular season games instead. We built a schedule for the LARP dance team and its Lewiston-Altura practice busing through December. On staffing and operations, we hired basketball coaching positions and recruited Fitness Center supervisors.

We also secured Booster Club funding for an XbotGo AI camera and wall mount that will let us stream events in the ES/MS gym!

NEW HIRES:

- GIRLS' BASKETBALL COACHES: NEVAEH HAPPEL, MICHAEL SPELTZ
- FITNESS CENTER SUPERVISOR: JON THEUER
- TRACK MEET MANAGER:
