Exhibit GCFC-E: confirmed current, no change

Checked September 30 against the April 2026 ASBA model (Policy Advisory 1004, PDF pages 279-280, rendered). In the model the lettered items A-AB and the longer wording are struck; the numbered items 1-28 are the current text. The district's GCFC-E already carries the current text and the "Fingerprinting Requirements" title. No first read is needed. The Board's September 18 condition for retiring Exhibit DFA-E is met.
