CHELSEA SCHOOL DISTRICT
Board of Education Report

Community Education/PLECC

Nov 16, 2026

CURRENT HIGHLIGHTS:

- ☐ Our Winter Recreation and Enrichment program brochure is ready! Registration goes live on November 15th. Brochure Link
- ☐ Rec basketball is currently underway and has over 240 athletes participating. They are running 1 practice and 1 game a week with reversible custom jerseys and an individual basketball they get to keep after the program is over.
- ☐ Community Education is going to host a **free coaching clinic** in January for parents who would like to volunteer for rec sports. There will be hands only CPR provided from the American Heart Association and multiple speakers. The hope is for parents to grow in their coaching knowledge and increase confidence.
- ☐ **PLECC** is hosting our fall family conferences the week of Thanksgiving. We look forward to the opportunity to connect with our families. We are excited that we are fully staffed in our full day preschool program now with the addition of Claire Marsh, our new Assistant Teacher for our 3 year old class with Sarah Vandenberghe. We have a Family Partnership meeting scheduled for November 12th, hosted by Diane Jordan, our Speech and Language Pathologist.
- ☐ Our pool programs are expanding! We have an increased demand for lessons, so we have added a class for our younger swimmers. In addition, due to the success of our Currents of Calm sound bath class, we are adding it into our regular programming on a monthly basis. Classes are currently scheduled from December through May.

LOOKING AHEAD:

- ☐ November 12th - PLECC Family Partnership meeting
- ☐ November 15th - Community Ed Winter Rec and Enrichment registration begins
- ☐ November 23rd and November 24th - Preschool Family Conferences - no school for students
- ☐ November 25th - November 27th - Thanksgiving Break - no school

Respectfully Submitted,

Sarah Bentley
Director of Early Childhood and Community Learning
