KALAMAZOO RESA
Operational Supports

Board Updates

Technology, Facilities, Transportation, & Safety

Month: November 2026

Administrator: Brian Schupbach

Updates:

The 16-week design process for the KRESA Transition Services building is underway. KRESA's KTS building team and our TMP architects toured newly built facilities on the east side of the state, including West Bloomfield Transition Center and Washtenaw ISD's High Point School. We also walked our architects through our existing facilities to show what works well and what poses challenges.

Roof repairs at West Campus have started and should finish by the end of the month. Work at WoodsEdge and the Service Center will begin in the spring.

Action Items:

Fiscal Impact:
