CHELSEA SCHOOL DISTRICT
Board of Education Report

Technology Department

Nov 12, 2026

CURRENT HIGHLIGHTS:

- [ ] **CHS Electronic Sign Update**: The new electronic sign is currently in production, with fabrication of the exterior shell underway. We anticipate receiving an installation date soon.
- [ ] **Open Technology Position Update:** We have completed the first and second rounds of interviews for our open Technology Technician position and are working through the final selection process.
- [ ] **FY27 E-Rate Update:** Our FY27 E-Rate RFP was released this week, with bids due December 11, 2026, at 2:00 PM. This year's planning includes replacing our district firewalls to improve network security and provide high availability.
- [ ] **North Creek Y5s Tech:** We are nearing completion of the technology installations associated with the Young 5s renovation at North Creek. The projector and screen have been installed in the commons area, and classroom A/V equipment is scheduled for installation on November 17. Security cameras, PA speakers, clocks, and wireless access points are also scheduled to be installed next week.

LOOKING AHEAD:

- [ ] **Pierce Lake Bond Work:** The Technology Department is working closely with Pierce Lake and district staff to prepare technology services for the temporary office location during renovations. We are also coordinating plans for network cabling and other technology infrastructure in the renovated space.
- [ ] **FY27 Network Infrastructure Planning:** Following the December E-Rate bid deadline, we will review vendor proposals and prepare a recommendation for the Board of Education to discuss at the January 11 meeting.

Respectfully Submitted,
Ryan Spencer
