Dear FOIA Officer,

My name is Barbara Biasi and I am an Associate Professor of Economics at Yale University. As part of a research project on teacher compensation across districts over time, I am compiling a database of collective bargaining agreements covering U.S. public school teachers over the past twenty years.

Under the Illinois Freedom of Information Act (5 ILCS 140), I am requesting copies of the following public records of Libertyville School District 70:

1. Each collective bargaining agreements between Libertyville School District 70 and Libertyville Education Association, IEA/NEA, covering the certificated (teacher) bargaining unit and in effect at any time between 2001 and 2017. These may also be called master agreements, negotiated agreements, professional agreements, or contracts. I have located some agreements but am missing those covering 2001-2017.

2. Any memorandum of understanding, extensions, reopeners, or tentative agreements that amended those agreements during the same period.

3. The certificated salary schedules attached to or adopted under those agreements.

Electronic copies, preferably PDFs, are welcome, including scans of signed originals. Please send them to barbara.biasi@yale.edu. If the records are available online, links to the relevant documents would also be helpful.

If any part of this request is unclear or would require substantial effort to fulfill, please let me know so I can clarify or narrow it. If fees are expected to exceed $25 please contact me before incurring those charges.

These records will be used solely for academic research; this request is not for a commercial purpose.

Thank you for your time and assistance.

FOIA REQUEST

Email: markjohsnontapa@gmail.com

Description of record requested: Pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq., I request a copy of the following existing public record:

The most current employee directory or staff list for all Libertyville School District 70 employees, covering both district-level and school-based staff. This includes, but is not limited to, the Superintendent and executive leadership, deputy/associate/assistant superintendents, chiefs, department directors and administrators, curriculum and instruction staff, central-office staff in all departments, principals and assistant principals, teachers, and all other school-based and support employees. For each employee, please include:

1. Full name
2. Current job title or position, as it appears in the district's HR or payroll system
3. Assigned school, department, or office
4. Work telephone number and extension, if maintained
5. District-issued work email address

I am completing graduate-level research on K–12 district organizational structure and administrative staffing patterns. The project examines how district size and enrollment relate to the structure of district personnel. That includes the number and types of administrative, instructional-support, technology, finance, human resources, curriculum and other specialized positions. It also examines how organizational complexity changes as districts grow: for example, whether smaller districts tend to combine several functions under one position while larger districts keep separate, specialized departments and leadership roles. The analysis will focus on overall staffing patterns, such as

administrative and support staffing relative to enrollment, and how structure differs among districts of different sizes.

Because the analysis depends on how each position is classified, accurate job titles are the most important part of this request. Please include each employee's specific working title rather than a general category such as "Administrator," "Certified Staff" or "Classified." This matters most for leadership and department roles, for example:

1. Deputy, associate and assistant superintendents
2. Directors, such as Director of Curriculum and Instruction, Athletic Director, and Directors of Technology, Finance and Human Resources
3. Coordinators and supervisors

If the record lists more than one assignment for an employee (for example, a teacher who also serves as athletic director), please include each assignment. If a position or job-classification code is kept in the same record, including it would also help.

Pursuant to 5 ILCS 140/6(a), please provide the record in the electronic format in which it is maintained (Excel or CSV preferred) by email, and indicate the date the information reflects.
