School Board Principal's Update
11-12-26

End of Quarter 1 was last Friday and report cards went out today. The year is really flying by and it's been very good!

We will have 2 teachers from Clearbrook-Gonvick coming on December 1 to observe our elementary teachers and how they implement Amplify.

We held a Math Meeting with Mrs Kern and the elementary teachers last Wednesday to discuss the new Math curriculum.

I met with Special Education staff to discuss staffing and placements for next year.

Halloween came and went without a hitch. The elementary costume parade was a big hit and the K-3 graders made their way to the nursing home to show off their costumes.

I attended the school law seminar in Mahnomen, put on by Roger Aronson on October 28. He talked about different scenarios and what is happening in the legislature.

Football and volleyball came to an end with the volleyball team losing to Blackduck 3-2 in the first round and the football team losing 28-18 to Goodridge/Grygla in the second round.

GBB begins on 11/16 and BBB and Wrestling begin their seasons on 11/23.

Congratulations to Jude Vacura and Chaya Westman on the ExCEL Award and Sarah Pulk and Nathan Gust on the AAA Award! Great accomplishments!
