Recommendation: Recommendation for approval as presented
Agenda Item Number: 6(d.viii)
Agenda Item Title: 709 Student Transportation Safety
Time Allotted: 5-10 Minutes

Strategic Plan Areas of Focus: Operational Effectiveness

Purpose: There was a question from the board at the October 17th board meeting as to whether the school district policy 709 needs a reference for the district's third-party transportation provider to follow school district policies. In Policy 709, see Article X, The School Transportation Safety Director verifies with the third-party transportation provider the validity of the driver's license of each driver.
Also in the transportation contract specifications, see 16 - Other provisions, a)District Student Transportation Policies. "The Contractor will be familiar and will comply with the District Student Transportation Safety Policy".
The District Administration recommends the school board approve the red-line version of policy 709.
