ACTION

Background Information

Softball/Tennis Locker Room & Team Room

Currently, our softball student-athletes change in a facility located near the gymnasium, requiring them to travel a significant distance to and from practices and games. Constructing a dedicated locker room near the softball field will provide a safer, more convenient, and more functional space for our student-athletes.

The project will also provide a much-needed benefit to our tennis program. Tennis is the **second-largest athletic program in Levelland ISD**, yet it currently has the **smallest locker room facility in the District**. As one of our largest student programs, it is vital that we provide our tennis student-athletes with facilities that better meet the needs of the program and the number of students it serves.

The proposed facility will include a multi-purpose team room that will support both softball and tennis. For the tennis program, this space will be especially beneficial during all-day tournaments, providing a climate-controlled area where student-athletes can rest, meet, eat, and prepare between matches. This space will provide needed relief during periods of extreme heat or cold and offer convenient access to restrooms and ice.

Adding the tennis component to this project is vital. The project will not only address the current needs of the softball program but will also provide much-needed space and support for one of the largest athletic programs in Levelland ISD. By combining the needs of both programs into one project, the District can make a meaningful investment that benefits a larger number of student-athletes while improving the functionality and use of the facility.

ADMINISTRATION RECOMMENDATION
(Pending adequate documents have been collected)

The Administration recommends approval of the **Softball/Tennis Locker Room and Team Room Project**.

BOARD ACTION REQUIRED

"I make a motion to approve the construction of the Softball/Tennis Locker Room and Team Room Project as presented."

If adequate documents and info still is being not ready, "I make a motion to table the construction of the Softball/Tennis Locker Room and Team Room Project at this time."
