Osseo Area Schools

School Board Co-op Dissolution and Application Approval

Osseo Area Schools School Board approves the dissolution of the baseball co-op between Park Center - Columbia Heights - and Maranatha (formerly known as PCM) based on the following circumstances:

- Participation numbers in the sport have continued to decrease making it difficult to field sustainable and competitive programming
- Columbia Heights and Maranatha have expressed interest in working towards building their own programs regardless of varsity level play or lower level play
    - Transportation logistics, etc. have played a role in this

Osseo Area Schools School Board approves a new application for a baseball co-op between Osseo and Park Center.

- A new co-op will allow Park Center students an in-district program to participate in.
- There is already a long standing relationship between Osseo and Park Center as well as their youth programs in the sport of baseball.
