4:170 Safety

Safety and Security

All District operations, including the education program, shall be conducted in a manner that will promote the safety and security of everyone on District property or at a District event. The Superintendent or designee shall develop, implement, and maintain a comprehensive safety and security plan that includes, without limitation:

1. An emergency operations and crisis response plan(s) addressing prevention, preparation, response, and recovery for each school;
2. Provisions for a coordinated effort with local law enforcement and fire officials, emergency medical services personnel, and the Board Attorney;
3. A school safety drill plan;
4. Instruction in safe bus riding practices; and
5. A clear, rapid, factual, and coordinated system of internal and external communication.

In the event of an emergency that threatens the safety of any person or property, students and staff are encouraged to follow the best practices discussed for their building regarding the use of any available cellular telephones.

School Safety Drill Plan

During every academic year, each school building that houses school children shall conduct, at a minimum, each of the following in accordance with the School Safety Drill Act (105 ILCS 128/):

1. Three school evacuation drills to address and prepare students and school personnel for fire incidents. One of these three drills shall require the participation of the local fire department or district.
2. One bus evacuation drill.
3. One severe weather and shelter-in-place drill to address and prepare students and

school personnel for possible tornado incidents.

4. One law enforcement lockdown drill to address a school shooting incident and to evaluate the preparedness of school personnel and students. This drill shall occur no later than 90 days after the first day of school of each year, and shall require the participation of all school personnel and students present at school at the time of the drill, except for those exempted by administrators, school support personnel, or a parent/guardian.
5. One cardiac response drill to practice the steps established in the District's cardiac emergency response plan. This drill may be done in partnership with local emergency medical services and may be conducted without student participation.[C1]

Annual Review

The Board or its designee will annually review each school building's emergency operations and crisis response plan(s), protocols, and procedures, as well as each building's compliance with the school safety drill plan. This annual review shall be in accordance with the School Safety Drill Act (105 ILCS 128/) and the Joint Rules of the Office of the State Fire Marshal and the Ill. State Board of Education (ISBE).

Automated External Defibrillator (AED)

At least one automated external defibrillator (AED) shall be present in each District attendance center during the school day and during any District-sponsored extracurricular activity on school grounds. In addition, the Superintendent or designee shall implement a written plan for responding to medical emergencies at the District's physical fitness facilities in accordance with the Fitness Facility Medical Emergency Preparedness Act and shall file a copy of the plan with the Ill. Dept. of Public Health (IDPH). The plan shall provide for at least one AED to be available at every physical fitness facility on the premises according to State law requirements.

The District shall have an AED on site as well as a trained AED user: (1) on staff during staffed business hours; and (2) available during activities or events sponsored and conducted or supervised by the District. The Superintendent or designee shall ensure that every AED on the District's premises is properly tested and maintained in accordance with rules developed by the IDPH. This policy does not create an obligation to use an AED.

Carbon Monoxide Alarms

The Superintendent or designee shall implement a plan with the District's local fire officials to:

1. Determine which school buildings to equip with approved *carbon monoxide alarms* or *carbon monoxide detectors*,
2. Locate the required carbon monoxide alarms or carbon monoxide detectors within 20 feet of a carbon monoxide emitting device, and
3. Incorporate carbon monoxide alarm or detector activation procedures into each school building that requires a carbon monoxide alarm or detector. The Superintendent or designee shall ensure each school building annually reviews these procedures.

Soccer Goal Safety

The Superintendent or designee shall implement the Movable Soccer Goal Safety Act in accordance with the guidance published by the IDPH. Implementation of the Act shall be directed toward improving the safety of movable soccer goals by requiring that they be properly anchored.

Unsafe School Choice Option

The unsafe school choice option provided in State law permits students to transfer to another school within their district in certain situations. This transfer option is unavailable in this District because the District has only one school or grade center. A student who would otherwise have qualified for the choice option, or such a student's parent/guardian, may request special accommodations from the Superintendent or designee.

Lead Testing in Water

The Superintendent or designee shall implement testing for lead in each source of drinking water in school buildings in accordance with the Ill. Plumbing License Law and guidance published by the IDPH. The Superintendent or designee shall notify parent(s)/guardian(s) about the sampling results from their children's respective school buildings.

C1. Updated in response to 105 ILCS 128/60(c), added by P.A. 104-759, eff. 7-1-27, which requires school districts to conduct an annual cardiac response drill but does not specify that the drill must occur in each school building that houses children. Having an annual cardiac response drill in each school building that houses children ensures practical, streamlined implementation. **Issue 123, October 2026**

General Personnel

5:120 Employee Ethics; Code of Professional Conduct; and Conflict of Interest

All District employees are expected to maintain high standards in their job performance, demonstrate integrity and honesty, be considerate and cooperative, and maintain professional and appropriate relationships with students, parents/guardians, staff members, and others.

The Superintendent or designee shall provide this policy, guidelines established for employee-student boundaries, and all available methods for reporting employee-student boundary violations[C1] to all District employees, and students, and/or parents/guardians in each of their respective handbooks, and ensure itsthey are postedingon the District's website, if any.

Professional and Appropriate Conduct

Professional and appropriate employee conduct are important Board goals that impact the quality of a safe learning environment and the school community, increasing students' ability to learn and the District's ability to educate. All District employees shall exhibit positive examples of preparedness, punctuality, attendance, self-control, language, and appearance.[C2]

To protect students from sexual misconduct by employees, and employees from the appearance of impropriety, State law also recognizes the importance for District employees to constantly maintain professional and appropriate relationships with students by following established expectations and guidelines for employee-student boundaries. Many breaches of employee-student boundaries do not rise to the level of criminal behavior but do pose a potential risk to student safety and impact the quality of a safe learning environment. Repeated violations of employee-student boundaries may indicate the grooming of a student for sexual abuse. As bystanders, employees may know of concerning behaviors that no one else is aware of, so their training on: (1) preventing, recognizing, reporting, and responding to child sexual abuse and grooming behavior; (2) this policy; and (3) federal and state

reporting requirements is essential to maintaining the Board's goal of professional and appropriate conduct.

The Superintendent or designee shall identify employee conduct standards that define appropriate employee-student boundaries, provide training about them, and monitor the District's employees for violations of employee-student boundaries. The employee conduct standards will require that, at a minimum:

1. Employees will comply with 5:120-AP2, *Employee Conduct Standards* and 5:120-AP2, E, *Expectations and Guidelines for Employee-Student Boundaries*, both incorporated by reference into this policy.C3

The Superintendent may employ substitute teachers as necessary to replace teachers who are temporarily absent.

A substitute teacher must hold either a valid teaching or substitute license and may teach in the place of a licensed teacher who is under contract with the Board. There is no limit on the number of days that a substitute teacher may teach in the District during the school year, except as follows:

1. A substitute teacher holding a substitute license may teach for any one licensed teacher under contract with the District only for a period not to exceed 90 paid school days in any one school term.

The Board establishes a daily rate of pay for substitute teachers. Substitute teachers receive only monetary compensation for time worked and no other benefits.

Substitute teachers who exceed 10 consecutive school days in the same position shall be paid at a higher daily rate for a long term substitute.

Unless otherwise permitted by law, short-term substitutes may teach no more than five consecutive school days for each licensed teacher who is under contract with the Board.

During an emergency situation, a substitute teacher is limited to 30 calendar days of employment per each vacant position. The Superintendent shall notify the appropriate Regional Office of Education (ROE) within five business days after the employment of a substitute teacher in an emergency situation. The Board may continue to employ the same substitute teacher in a vacant position for 90 calendar days or until the end of the semester, whichever is greater, if, prior to the end of the then current 30-calendar-day period, the District makes a written request to the ROE for a 30-calendar-day extension and the extension is granted by the ROE.

SECTION 6 - INSTRUCTION

6:120 Education of Children with Disabilities

The District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term "children with disabilities," as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Ill. State Board of Education (ISBE) *Special Education* rules, that special education services are needed. Children with disabilities who turn 22 years old during the school year are eligible for such services through the end of the school year.

It is the intent of the District to ensure that students who ~~are disabled~~have a disability[C1] within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services.[Q1] Students may ~~be disabled~~have a disability within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the ISBE *Special Education* rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), and representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the School District in fulfilling its obligations to the District's students with disabilities.

If necessary, students may also be placed in nonpublic special education programs or education facilities.

They shall include a filtering device that protects against Internet access by both adults and minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator.

The Use of Artificial Intelligence (AI)-Enabled Tools subhead is rewritten for PRESS Plus. A redlined version showing the changes made is available at PRESS Online by logging in at www.iasb.com. Please also compare this new text with the policy language previously adopted by the Board.

This entire subhead is optional, and it may be modified at the Board's discretion. For more information, see the footnotes available at PRESS Online by logging in at www.iasb.com.

The subhead is updated in response to the Ill. State Board of Education's (ISBE) nonregulatory *Statewide Guidance on the Use of Artificial Intelligence* (June 2026), available at www.isbe.net/Pages/AI-Guidance.aspx. In accordance with 105 ILCS 5/2-3.118a, added by P.A. 104-399, the Guidance addresses AI in pre-K through 12 education. The Guidance emphasizes the need for schools to reflect on local values, context, and priorities as they consider AI use. It relies on four main principles: (1) teaching and learning are shaped by relationships and by the experiences, interests, and assets each child brings to school; (2) schools serve academic, developmental and civic purposes concurrently; (3) AI is a means to inform teaching and learning rather than an end in itself; and (4) informed use (of AI) requires deliberate, context-sensitive, and *locally determined* purpose and use (emphasis added). The Guidance states the central question around AI use in schools is not whether a tool can simply perform a task, "but whether its use supports the purposes of schooling: the growth of the individual, the strengthening of human relationships, the exercise of judgment and responsibility, and preparation for thoughtful participation in a world increasingly shaped by digital and AI-mediated environments."

The U.S. Dept. of Education also issued a *Dear Colleague Letter* on 8-20-26, to help school districts make informed decisions about the responsible use of technology in classrooms, at: www.ed.gov/media/document/guidance-education-technology-and-screentime-schools-114386.pdf.

Adopting policy language that addresses AI provides (a) a way for boards to monitor how this technology is being used in the district, and (b) an opportunity for the board and the superintendent to examine all current policies, collective bargaining agreements, and administrative procedures on this subject. For suggested board monitoring questions around a district's use of AI, please see sample policy 6:235's footnote 17, available at PRESS Online by logging in at www.iasb.com.

C4. ISBE's Guidance (www.isbe.net/Pages/AI-Guidance.aspx, p. 10) recommends that districts maintain clear information about approved tools, their purpose and use, data security, and contact points for questions or concerns. **Issue 123, October 2026**

C5. ISBE's Guidance (www.isbe.net/Pages/AI-Guidance.aspx, p. 226) states that students should learn about AI, including what it is (and is not), how it works, its impact on society, and how to shape it, *before* and while using AI tools in the classroom. **Issue 123, October 2026**

As approval is not guaranteed, students should seek conditional approval of the experience before participating in a non-District course or experience. The student assumes responsibility for any fee, tuition, supply, or other expense. Upon successful performance and completion of the experience the fees may be refunded to the student. The student seeking credit is responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The Superintendent or designee shall determine which, if any,

non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities. This section does not govern the transfer of credits for students transferring into the District. Students may not use non-district experiences, as defined in 1-7, as a substitute for district taught courses.

Substitutions for Required Courses

Vocational or technical education. A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The Building Principal approves the substitution(s) and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian requests and approves the substitution(s) in writing on forms provided by the District.

Registered Apprenticeship Program. The Superintendent or designee will ensure that the District complies with State law requirements for registered apprenticeship programs. The opportunities and requirements for registered apprenticeship programs contained in this policy will be posted on the District's website, and parents/guardians and students will also be notified of such opportunities in the appropriate school handbook(s).

A student in grades 9-12 who is 16 years or older may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing a registered apprenticeship program if:

1. The registered apprenticeship program meets all criteria contained in State law;
2. The registered apprenticeship program is listed by the District, or the student identifies a registered (but not listed) apprenticeship program with a business or organization if one is not offered in the District;
3. The student enrolled in a registered apprenticeship program has the opportunity to earn post-secondary credit toward a certificate or degrees, as applicable;
4. The student's parent/guardian requests and approves the substitution(s) in writing on forms provided by the District and on its website;
5. The Building Principal approves the substitution(s); and
6. All non-academic requirements mandated by the School Code for high school graduation that would otherwise prohibit or prevent the student from participating in the registered apprenticeship program are waived.

Advanced placement computer science. The advanced placement computer science course is equivalent to a high school mathematics course. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics, in accordance with Section 27-22 of the School Code. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

Substitutions for physical education. A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal to be excused from physical education courses for the reasons stated below. The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate.

1. Ongoing participation in a marching band program for credit;
2. Enrollment in Reserve Officer's Training Corps (ROTC) program sponsored by the District;

A student who is eligible for special education may be excused from physical education courses pursuant to 7:260, *Exemption from Physical Education*.

Volunteer service credit. A student participating in the District's Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.

<u>Re-Entering Students</u>

Individuals younger than 21 years of age may re-enter high school to acquire a high school diploma or an equivalency certificate, subject to the limitations in Board policy 7:50, *School Admissions and Student Transfers To and From Non-District Schools*. 6:315 High School Credit for Students in Grade 7 or 8

The Superintendent or designee may investigate, coordinate, and implement a program for students in grades 7 and 8 to enroll in a course required for a high school diploma.

If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma when the course is offered by the high school that the elementary student would attend and one of the following is satisfied: (1) the student participates in the course at the high school and the elementary student's enrollment in the course would not prevent a high school student from being able to enroll, or (2) the student participates in the course where the student attends school as long as the student passes the course and the end-of-course examination given at the high school granting the credit for the same course, demonstrating proficiency at the high school level, or (3) the student participates in the course where the student attends school[C1] as long as the course is taught by a teacher who holds a professional educator license with an endorsement for the grade level and content area of the course.

A student who successfully completes a course required for a high school diploma while in grades 7 and 8 shall receive academic credit for the course. That academic credit shall satisfy the requirements of 105 ILCS 5/27-615 for purposes of receiving a high school diploma, unless evidence about the course's rigor and content shows that the course did not address the relevant Illinois learning standard at the level appropriate for the high school grade during which the course is usually taken. The student's grade in the course shall also be included in the student's grade point average.

7:50 School Admissions and Student Transfers To and From Non-District Schools

Age

To be eligible for admission, a child must be 5 years old on or before September 1 of that school term. Children who enter first grade must be 6 years of age on or before September 1 of that school year. Based upon an assessment of a child's readiness to attend school, the District may permit him or her to attend school prior to these dates. A child will also be allowed to attend first grade based upon an assessment of his or her readiness if he or she attended a non-public preschool, continued his or her education at that school through kindergarten, was taught in kindergarten by an appropriately licensed teacher, and will be 6 years old on or before December 31. A child with exceptional needs who qualifies for special education services is eligible for admission at 3 years of age. Early entrance to kindergarten or first grade may also be available through Board policy 6:135, *Accelerated Placement Program*.

Admission Procedure

All students must register for school each year on the dates and at the place designated by the Superintendent.

Parents/guardians of students enrolling in the District for the first time must present:

1. If a birth certificate is not presented, the Superintendent or designee shall notify in writing the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate. A student will be enrolled without a birth certificate. When a certified copy of the birth certificate is presented, the school shall promptly make a copy for its records, place the copy in the student's permanent record, and return the certified copy to the person enrolling the child. If a person enrolling a student fails to provide a certified copy of the student's birth certificate, the Building Principal shall immediately notify the local law enforcement agency and shall also notify the person enrolling the student in writing that, unless he or she

complies within 10 days, the case shall be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, the Principal shall so refer the case. The Principal shall immediately report to the local law enforcement authority any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content.

2. Proof of residence, as required by Board policy 7:60, *Residence*.
3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board policy 7:100, *Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students*.

The individual enrolling a student shall be given the opportunity to voluntarily state whether the student has a parent or guardian who is a member of a branch of the U. S. Armed Forces and who is either deployed to active duty or expects to be deployed to active duty during the school year. Students who are children of active duty military personnel transferring will be allowed to enter: (a) the same grade level in which they studied at the school from which they transferred, if the transfer occurs during the District's school year, or (b) the grade level following the last grade completed.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/ guardian is unable to produce records normally required for enrollment. Board policy 6:140, *Education of Homeless Children*, and its implementing administrative procedure, govern the enrollment of homeless children.

Foster Care Students

The Superintendent will appoint at least one employee to act as a liaison to facilitate the enrollment and transfer of records of students in the legal custody of the Ill. Dept. of Children and Family Services (DCFS) when enrolling in or changing schools. The District's liaison ensures that DCFS' Office of Education and Transition Services receives all written notices and records pertaining to students in the legal custody of DCFS as required by State law.

Student Transfers To and From Non-District Schools

A student may transfer into or out of the District according to State law and procedures developed by the Superintendent or designee. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the School District.

Foreign Students

The District accepts foreign exchange students with a J-1 visa and who reside within the District as participants in an exchange program sponsored by organizations screened by administration. Exchange students on a J-1 visa are required to pay tuition.

Privately sponsored exchange students on an F-1 visa may be enrolled if an adult resident of the District has temporary guardianship and the student lives in the home of that guardian. Exchange students on an F-1 visa are required to pay tuition at the established District rate. F-1 visa student admission is limited to high schools and attendance may not exceed 12 months.

The Board of Education may limit the number of exchange students admitted in any given year. Exchange students must comply with District immunization requirements. Once admitted, exchange students become subject to all District policies and regulations governing students.

Re-enrollment

Re-enrollment shall be denied to any individual 19 years of age or above who has dropped out of school and who could not earn sufficient credits during the normal school year(s) to graduate before his or her 21st birthday. However, at the Superintendent's or designee's discretion and depending on program availability, the individual may be enrolled in a graduation incentives program established under 105 ILCS 5/26-16 or an alternative learning opportunities program established under 105 ILCS 5/13B-1 (see 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*). Before being denied re-enrollment, the District will offer the individual due process. A person denied re-enrollment will be offered counseling and be directed to alternative educational programs, including adult education programs that lead to graduation or receipt of a GED diploma.     a. Notify or attempt to notify the student's parent(s)/guardian(s) and document the time and manner in writing;
    b. Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that school employees (including, but not limited to, a school social worker, psychologist, nurse, counselor, or any other mental health professional) are present during the questioning; and
    c. If practicable, make reasonable efforts to ensure a trained law enforcement officer to promote safe interactions and communications with the student is present during questioning.

SECTION 7 - STUDENTS

7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and *Where* Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or

Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.

2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.

    b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
    f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.

Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered off or silenced during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP) or Section 504 plan; (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
7. Using a *wireless communication device* in violation of Board policy 7:195, *Wireless Communication Devices*.[C1]
8. Using a *wireless communication device* or other electronic device to take photographs in private areas such as locker rooms or bathrooms, or to otherwise violate student conduct rules.[C2]

12. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, using a writing service and/or generative artificial intelligence technology in place of original work unless specifically authorized by staff, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies

13. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.

23. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

24. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
25. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property; or (c) violate the rights of others.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.

5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended shall also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled shall also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

Students may not be suspended or expelled solely for violating Board policy 7:195, *Wireless Communication Devices*.[C3]

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way

to resolve the threat and/or address the disruption is a suspension or expulsion. Students enrolled in the District's State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

Corporal punishment is prohibited in all circumstances. *Corporal punishment* is defined as a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim to halt an offense, prevent its recurrence, or set an example for others. It includes slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as permitted by 105 ILCS 5/10-20.33.

Isolated Time Out, Time Out, and Physical Restraint

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, Ill. State Board of Education (ISBE) rules (23 Ill.Admin.Code §§ 1.280, 1.285), and the District's procedure(s).

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 2012 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on school grounds, becomes aware of any person in possession of a firearm on school grounds, or becomes aware of any threat of gun violence on school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery. *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving a report of (1), above, the Building Principal or designee shall immediately notify local law enforcement. If the report of (1), above, pertains to a threat of firearm violence made by a student, the Building Principal or designee shall attempt to notify the student's parent/guardian as soon as possible and shall further attempt to contact the parent/guardian to ensure that the student does not have access to a firearm. In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and, if a student is reportedly in possession of a firearm or threatens firearm violence, also any involved student's parent/guardian.

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report these incidents to ISBE through its web-based School Incident Reporting System as they occur during the year and no later than July 31 for the preceding school year.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other licensed educational employees, and any other persons (whether or not a licensed employee) providing a related service for or with respect to a student, may only use reasonable force as permitted by 105 ILCS 5/10-20.33. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

However, districts that have existing wireless communication device policies in place before 7-28-26 which limit the use of such devices "during a majority of or the entirety of a school day" are not required to adopt a policy meeting the requirements of 105 ILCS 5/10-20.88 until the 2031-2032 school year. SECTION 7 - STUDENTS

7:270 Administering Medicines to Students

I. General Rule Regarding Medication

1. In accordance with the School Code, it is the policy of Midwest Central Community Unit School District that medication should not be administered to a student at school or when such student is involved in school activities, except when absolutely necessary for the critical health and well-being of the student. Section 10-22.21(b) of the School Code provides in part:

   It shall be the policy of the State of Illinois that the administration of medication to students during regular school hours and during school-related activities should be discouraged unless absolutely necessary for the critical health and well-being of the student. Under no circumstances shall teachers or other non-administrative school employees, except school nurses, be required to administer medication to students.
2. In order to provide for the well-being of students, under exceptional circumstances, medication may be administered during school hours by an administrator, school nurse, or designated employee who volunteers to do so, at the written request of the parent or guardian and under the written orders of a physician.
3. The Superintendent (or authorized designee for each attendance center) shall have sole authority for approving or denying the request. No request shall be denied if the effect would be to affect adversely the critical health and well-being of a student. If a request is approved, school officials may require periodic renewal of the physician's orders and, in any case, may terminate administering such medication whenever it is clear that the critical health and well-being of the student will not be adversely affected.
4. The parent or guardian requesting that the necessary medication be administered to a student (except asthma medication) shall complete a form, and have a form completed by the physician prescribing the medication. The completed form is to be returned to the student's Building Principal. The Building Principal shall have the responsibility to promptly return a copy of the form to the parent, indicating whether the request has been approved or not approved by the Superintendent or designee.

5. Bring prescription medication to the school in the original package or appropriately labeled container. The container shall display:

   Student's name

   Prescription number

   Medication name and dosage

   Administration route and/or other direction

   Dates to be taken

   Licensed prescriber's name

   Pharmacy name, address, and phone number

   Bring non-prescription medications to school in the manufacturer's original container with the label indicating the ingredients and the student's name affixed.

   At the end of the treatment regime, remove any unused medication from the school.

6. To protect the safety of students taking prescribed medications, other students, and to prevent theft or loss of medications, students shall not possess prescribed or over-the-counter medications of any kind (including aspirin or aspirin substitutes such as Tylenol) in any school buildings during the school day. Due to the possibility of adverse reactions and possible interactions with other medications, no District personnel shall administer, supply, offer or deliver to any student any medication of any kind, including over-the-counter medications, unless the parent has authorized the taking of such medication, the physician has ordered that it is absolutely necessary for the critical health and well-being of the student that medication be taken at school, and that the Superintendent or designee has approved the same.
7. So as to prevent over or under medication, and to prevent illegal drugs from being carried in school under the guise of a properly prescribed medication, each student having or possessing any prescribed medication, except asthma medication which the student is permitted to possess in accordance with part II below, shall, as soon as possible after entry into any school building, immediately deliver the medication to the Building Principal who shall retain the medication during the day, and return the same to the student at the end of the school day, and instruct the student not to again bring the medication to school except in compliance with the procedure for parental consent and physician's order.

II. Asthma Medications and Epinephrine ~~Auto-injectors~~

1.As an exception to the general rule, pursuant to the School Code, Section 10-22.30, and only if the parents or guardians meet the conditions of sections 3 and 5 of this Asthma Medications policy, a student may possess an epinephrine injector, (EpiPen®) and/or an asthma medication for self-administration during the times and places specified in section 6 if prescribed by: C1

a. a physician licensed to practice medicine in all its branches; or

b. a physician assistant who has been delegated the authority to prescribe asthma medications by his or her supervising physician; or

c. an advanced practice registered nurse who has a written collaborative agreement with a collaborating physician that delegates the authority to prescribe asthma medications.

The asthma medication must pertain to the student's asthma, and have an individual prescription label.

2. "Self-administration" means a student's discretionary use of his or her prescribed asthma medication.

3. In order for the student to be permitted the use of asthma medication, the parents or guardians of the student shall annually:

   a. Provide written authorization for the self-administration of medication; and

   b. Provide a written statement from the pupil's physician, physician's assistant, or advanced practice registered nurse containing the following information:

      4. the name and purpose of the medication;

      5. the prescribed dosage; and

      6. the time or times at which or the special circumstances under which the medication is to be administered.

   This information shall be provided by the prescribing health care professional. The information provided shall be kept on file in the office of the school nurse or, in the absence of a school nurse, the Building Principal.

   c. sign a statement acknowledging that this school district is to incur no liability, except for willful and wanton conduct, as a result of any injury arising from the self-administration of medication by the pupil; and

   d. indemnify and hold harmless the school district and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of the self-administration of medication by the pupil.

4. The Superintendent or designee shall inform the parents or guardians of the pupil, in writing, that the school district and its employees and agents are to incur no liability, except for willful and wanton conduct, as a result of any injury arising from the self-administration of medication by the pupil.

5. The parents' or guardians' permission for self-administration of medication is effective for the school year for which it is granted and shall be renewed each subsequent school year upon fulfillment of the requirements of this policy regarding Asthma Medications.

6. Provided that the requirements of this Section are fulfilled, a pupil with asthma may possess and use his or her medication.

a. while in school;
b. while at a school-sponsored activity;
c. while under the supervision of school personnel; or
d. before or after normal school activities, such as while in before-school or after-school care on school operated property.

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated epinephrine delivery systems~~injectors~~ in the name of the District and provide or administer them as necessary according to State law. *Undesignated epinephrine delivery system~~injector~~* means an epinephrine ~~injector~~ delivery system prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine delivery system~~injector~~ to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Opioid Antagonists

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated opioid antagonists and provide or administer them as necessary according to State law. *Opioid antagonist* means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. *Undesignated opioid antagonist* is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools or obtained by the District without a prescription. A school nurse or trained personnel, as defined in State law, may administer an undesignated opioid antagonist to a

person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. On or after June 1, 2018, see the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment.

The Compassionate Use of Medical Cannabis Program Act allows a *medical cannabis infused product* to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a *designated caregiver* to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if:

    a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the

product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

The **School District Supply of Undesignated Epinephrine ~~Injectors~~ Delivery Systems** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine ~~injectors~~ delivery systems from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school epinephrine delivery systems~~injectors~~.

The **School District Supply of Undesignated Opioid Antagonists** section of the policy is void whenever the Superintendent or designee is unable to obtain a supply of opioid antagonists due to a shortage, in which case the District shall make reasonable efforts to maintain a supply.

The **Administration of Medical Cannabis** section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated medication permitted by State law, the Superintendent or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Undesignated Medication Disclaimers

Upon implementation of this policy, the protections from liability and hold harmless provisions applicable under State law apply.

No one, including without limitation, parents/guardians of students, should rely on the District for the availability of undesignated medication. 7:195 Wireless Communication Devices

New/Unpublished Section

The District limits the use of wireless communication devices in accordance with State law.[C1] This policy is intended to minimize distractions in the educational environment and support students' learning, behavior, and overall well-being.[C2]

Definitions

Wireless communication device means any portable wireless device that has the capability to provide voice, messaging, or other data communication between two or more parties, including, but not limited to:

1. Cellular telephones;
2. Tablet computers;
3. Laptop computers;
4. Gaming devices; and
5. Wearable devices, including smart watches or smart glasses, unless the capability to provide messaging or transmit other data communications has been disabled.[Q1]

Wireless communication device does not include any device that the District or a teacher has directly issued to, provided for, or required a student to possess and use for educational purposes.[C3]

School time means the time students spend on a school campus during the regular school day, beginning with the designated arrival time for students through the designated dismissal time for students, including instructional time, recess, lunch, and passing periods.[Q2] School time does not include a before-school or after-school activity or a student's presence at an off-campus learning opportunity.

Device Use

Students are prohibited from using wireless communication devices during school time, except under the following circumstances:[C4]

1. A licensed physician, physician assistant, or nurse practitioner determines that the

possession or use of a wireless communication device is necessary for the management of the student's health care, and the student uses the device only as prescribed by the licensed physician, physician assistant, or nurse practitioner.

2. A wireless communication device is required by a student's individualized education program, Section 504 Plan, the student's health care provider's medical orders, or another written accommodation plan.
3. School personnel have determined that a wireless communication device is necessary for a student who is an English learner, as defined in 105 ILCS 5/14C-2, to access learning materials.
4. School personnel determine, on a case-by-case basis, that a wireless communication device is necessary for a student caregiver who is routinely responsible for the care and well-being of a family member.
5. When required by State or federal law.
6. In the event of an emergency, when authorized by the District's emergency crisis and response plans, protocols, or procedures.
7. When school personnel authorize a student to use a wireless communication device for educational purposes. Any such use shall be in accordance with Board policy 6:220, *Bring Your Own Technology (BYOT) Program; Responsible Use and Conduct*.

Device Storage[C5]

All wireless electronic devices must be powered off or silenced and out of sight during school time. Each Building Principal shall issue guidance to students and staff within their respective school buildings regarding how wireless communication devices must be stored during school time. Storage methods may include, but are not limited to, lockers, backpacks or personal bags, classroom storage solutions, and/or secured pouches/containers.[C6]

Enforcement

Uniform enforcement of this policy at each of the District's schools is important for its effective and fair implementation. Staff shall implement this policy consistently and in a trauma-informed and developmentally appropriate manner.[C7]

Each Building Principal shall establish administrative responses for students who violate this policy, consistent with Board policy 7:190, *Student Behavior*.[C8] Administrative responses may include, but are not limited to, verbal reminders/redirection, student conference, temporary confiscation of the device, parent/guardian notification, restorative intervention, and/or other additional supports.[C9] No student will be suspended, expelled, be required to pay a fee or fine, or be referred to a school resource officer or local law enforcement solely

for violating this policy.[C10] If, as a response to violating this policy, a parent/guardian must retrieve the wireless communication device at a school building, the Building Principal shall provide an alternative for cases in which a parent/guardian is unable to appear in person.[C11]

The Board and District staff are not liable for damage to a wireless communication device if the device is stored in good faith and in accordance with this policy.[C12]

Policy Posting and Distribution

This policy shall be posted on the District's website and published in the student handbook(s).[C13] The Superintendent shall also annually provide this policy to staff, including new employees and substitute teachers when hired, as well as students and their parents/guardians by posting it on the District's website.[C14]

In addition to this policy, the student handbook(s) shall also include the consequences for violations of this policy.[C15]

Policy Review[C16]

At least once every three years, pursuant to 105 ILCS 5/10-20.88 and Board policy 2:240, *Board Policy Development*, the Board will review and make any necessary and appropriate updates to this policy. In conducting its review, the Board will gather and consider input from the teachers' local collective bargaining agent, administrators, and parents/guardians and consider any available data on the enforcement of this policy. The Board may utilize its Parent-Teacher Advisory Committee to accomplish the policy review.

C1. Created in response to 105 ILCS 5/10-20.88 (final citation pending), added by P.A. 104-657, requiring a board policy to be adopted by the beginning of the 2027-2028 school year that prohibits student use of *wireless communication devices* during *school time*. However, districts that have existing wireless communication device policies in place before 7-28-26 which limit the use of such devices "during a majority of or the entirety of a school day" are not required to adopt a policy meeting the requirements of 105 ILCS 5/10-20.88 until the 2031-2032 school year. Consult the board attorney for guidance if the board wishes to rely on an existing policy and delay implementation of a new policy that complies with 105 ILCS 5/10-20.88.

Development of this policy must include input from the local collective bargaining agent representing teachers (if any), administrators, and parents/guardians. The law encourages, but does not require, input from students. A board may utilize its existing parent-teacher advisory committee established under 105 ILCS 5/10-20.14 to develop the policy. See sample policy 2:150, *Committees*. The Ill. State Board of Education (ISBE) was required to develop a template for a model wireless communication device policy, see the *Model Cell Phone Policy*, available at: www.isbe.net/Documents/Model-Cell-Phone-Policy.pdf. A board's policy does not have to be based on the ISBE model, but this sample policy is consistent with ISBE's model. **Issue 123, October 2026**

C4. Items #1-5 are required by 105 ILCS 5/10-20.88(c), added by P.A. 104-657. Items #6 and #7 are optional and can be deleted. See sample administrative procedure 4:170-AP1, *Comprehensive Safety and Security Plan*, available at PRESS Online by logging in at www.iasb.com, at Section G., **School Emergency Operations and Crisis Response Plan**, and its footnote 5, regarding student use of devices during an emergency. **Issue 123, October 2026**

C5. 105 ILCS 5/10-20.88(b)(2), added by P.A. 104-657, requires the policy to incorporate guidance for wireless communication storage within a school building during school time, but it does not prescribe the manner of storage for wireless communication devices in schools. This sample policy allows for flexibility at the building level based upon the conditions and needs of a particular school building by delegating the guidance to the building principal. Districts may choose from a variety of storage solutions ranging in cost, from hanging door caddies to magnetized pouches/ containers with centralized locking systems. The law does not specifically require devices to be powered off, silenced, or out of sight, but these restrictions are included as a best practice to minimize distractions in the learning environment.

Staff, as used in this sample policy, is intended to include substitute teachers, who also need to be familiar with the guidance on device storage at the buildings where they substitute. **Issue 123, October 2026**

C6. This sentence is optional. It is based on ISBE's *Model Cell Phone Policy*. **Issue 123, October 2026**

C7. Required by 105 ILCS 5/10-20.88(b)(3), added by P.A. 104-657. See 105 ILCS 5/3-11 for trauma-related definitions, including *trauma responsive*. **Issue 123, October 2026**

C8. This sample policy authorizes building principals to establish building-level consequences based upon the needs of students in their building. The law does not require inclusion of the administrative responses for violation in board policy, but they must be included in student handbooks(s). For an additional resource on responses for violations, see: https://stand.org/illinois/our-stories/illinois-phone-free-schools-implementation-guide/, at p. 4. **Issue 123, October 2026**

C9. This sentence is optional. It is based on ISBE's *Model Cell Phone Policy*. **Issue 123, October 2026**

C10. 105 ILCS 5/10-20.88(e), added by P.A. 104-657, and 105 ILCS 5/10-22.6, amended by P.A. 104-657. The prohibition on these types of disciplinary consequences does not extend to a student's use of a wireless communication device to commit gross disobedience or other misconduct.

The law is unclear regarding whether a school can issue students in-school suspensions solely for violations of this policy. 105 ILCS 5/10-20.88(e) prohibits "suspensions," but 105 ILCS 5/10-22.6 prohibits out-of-school suspensions only. Consult the board attorney for guidance if the district wants to include in-school suspensions as a disciplinary consequence for violating this policy. **Issue 123, October 2026**

C11. 105 ILCS 5/10-20.88(b)(4), added by P.A. 104-657. This requirement is intended to accommodate those parents/guardians who are unable to physically pick up a device at school due to other commitments, such as working. An alternative could include a call with the parent/guardian to review the policy violation and confirm the device's return to the student or permitting a parent/guardian to designate another adult to pick up the device. **Issue 123, October 2026**

C12. 105 ILCS 5/10-20.88(g), added by P.A. 104-657. Statutory immunity does not apply if damage to a device is "caused by the willful or wanton conduct of school personnel." **Issue 123, October 2026**

C13. Required by 105 ILCS 5/10-20.88(b) and (h), added by P.A. 104-657. The Ill. Principals Association (IPA) maintains a handbook service that coordinates with PRESS material, *Online Model Student Handbook* (MSH), at: www.ilprincipals.org/msh/. **Issue 123, October 2026**

C14. 105 ILCS 5/10-20.88(h), added by P.A. 104-657, requires a district to annually provide this policy to parents, guardians, and school personnel, including new employees and substitutes teacher when hired. This sample policy manages this requirement through posting on a district's website. Provision of a hyperlink to the policy also satisfies the posting and annual notice requirements. **Issue 123, October 2026**

C15. 105 ILCS 5/10-20.88(b), added by P.A. 104-657, requires the student handbook to include the policy *and* administrative responses (consequences) for violations of the policy. **Issue 123, October 2026**

C16. 105 ILCS 5/10-20.88(f), added by P.A. 104-657. A board may utilize its existing parent-teacher advisory committee established under 105 ILCS 5/10-20.14 to review this policy. See policy 2:150, *Committees*. **Issue 123, October 2026**

Superintendent

3:40-E Exhibit - Checklist for the Superintendent Employment Contract Negotiation Process

The Board of Education hires and employs the Superintendent. The Superintendent shall be in charge of the administration of the schools under the direction of the Board, through its policies. See 105 ILCS 5/10-21.4 and 105 ILCS 5/10-16.7. As an effective employer, the Board must develop and maintain a productive relationship with the Superintendent. See IASB's *Foundational Principles of Effective Governance*, **Principle 3. The board employs a superintendent**, at: www.iasb.com/training-and-events/training/training-resources/foundational-principles-of-effective-governance.[C1]

The foundation for a productive employment relationship begins when the Board identifies the most qualified superintendent candidate (*successful superintendent candidate*) after an established interview process. The Board then extends an offer of employment to the successful superintendent candidate. The employment search process and resulting relationship should consist of mutual respect and a clear understanding of respective roles, responsibilities, and expectations. This relationship should begin with the Board's policy, a thoughtfully crafted employment contract and job description, and procedures for communications and ongoing assessment. See *Principles* at the link above.

Below, the *Checklist for the Superintendent Employment Contract Negotiation Process (Checklist)* provides a column entitled **Superintendent Contract Term Considerations for the Board**. It lists common superintendent employment contract terms and points of consideration for boards to prepare for during the contract formation process. Another column entitled **Explanation, Special Considerations, and Resources** provides extra information about these common superintendent employment contract terms.

The *Checklist* is intended to serve as a resource to educate and guide the Board through the employment contract negotiation process with its successful superintendent candidate. Board members who are educated about the content within the *Checklist* are crucial to successful negotiation processes. An educated contract formation and negotiation process, along with a well-written contract and job description for the Superintendent, all set the foundation for mutual respect and a clear understanding of the Board and Superintendent's

respective roles, responsibilities, and expectations. **Important:** This *Checklist* is a resource for contract formation; it is not a list of must-have items for a superintendent's employment contract or a basis for a board to re-open contracts currently in effect.

Prior to providing the successful superintendent candidate an offer for employment and contract for review, consideration, and negotiation, consult the Board Attorney about the *Checklist* and the scope of the terms the Board wishes to offer the successful superintendent candidate. The Board and the successful superintendent candidate should expect and encourage each other to seek the advice of their respective attorneys during the employment contract formation process.

Many attorneys agree, and best practices suggest that boards and successful superintendent candidates work with their own separate attorneys in an amicable and cooperative manner to complete the employment contract negotiation process.

☐ **Board Attorney.** Prior to providing any successful superintendent candidate with an offer for employment and a contract for review, consideration, and negotiation, best practices suggest consulting the Board Attorney about the *Checklist*. **Note:** Boards should view a successful superintendent candidate retaining his or her own attorney as a best practice (as opposed to a warning sign). Each party is beginning the employment relationship in a cooperative manner to set an appropriate foundation to the future working relationship.

☐ **Power and Duties of the Superintendent**

Superintendent Contract Term Considerations for the Board	**Explanation, Special Considerations, and Resources**
Duties	Does the Board enumerate the duties of the Superintendent in the employment contract? 1. Are the statutory duties of the Superintendent listed? 2. Has the Board incorporated policy references to the other duties related to the Superintendent's employment? See 105 ILCS 5/10-21.4 and 105 ILCS 5/10-16.7.
Full-time, Attention and Energy Clause	How will the Board address outside activities of the Superintendent? 1. How will the Board define *outside activities*? 2. Will the Board restrict the Superintendent from engaging in

	outside activities during the term of the employment contract? 3. Will the Board require approval/notification before the Superintendent engages in outside activities? Will the Board designate the Board President or another individual to review and/or approve the Superintendent's outside activities?

☐ **Employment and Compensation**

Superintendent Contract Term Considerations for the Board	**Explanation, Special Considerations, and Resources**
Duration of Contract	A superintendent's employment contract may not exceed five years. If its duration is two to five years, the contract must reference goals and suspension of tenure during the contract term. No performance-based contract shall be extended or rolled over prior to its scheduled expiration unless all the performance and improvement goals contained in the contract have been met. See 105 ILCS 5/10-23.8. If the duration is one year or less, then the contract need not reference goals or suspension of tenure.
Salary	Special Considerations for the Board may include: 1. What is the estimated Board contribution to the Teachers' Retirement System (TRS) for any raises above six percent (40 ILCS 5/15-155(g)) prior to retirement? 2. What is the *cost shift* implication for the District if the Board offers or later agrees to a salary that is equal to or greater than the governor's statutory salary? School districts are responsible for paying the actuarial cost of the pension benefits earned on the portion of a TRS member's salary that exceeds the governor's statutory salary. The governor's annual salary is published by TRS at: www.trsil.org/employers/payments/contribution-rates_earnings-limitations.

	3. Do any administrative cost cap triggers exist (105 ILCS 5/17-1.5, amended by P.A. 104-261)? Items the Board may see the successful superintendent candidate request of it: 1. A fixed salary for each year of the contract. 2. A guaranteed minimum salary. 3. Compensation increases.
Severance Agreements	Any contract that contains a condition of severance pay must include the following provisions required by the Government Severance Pay Act (GSPA), 5 ILCS 415/10: 1. A restriction to an amount not exceeding 20 weeks of compensation; and 2. A prohibition for any severance if the Superintendent is fired for *misconduct* by the Board. See the *Severance Pay* row under the **Changes to the Superintendent's Employment Contract** subhead below for a definition of what misconduct means in the context of this law.
Teachers Retirement System (TRS) & Teacher Health Insurance (THIS)	How does the Board want to address: 1. Pension contributions (TRS-THIS)? 2. Inclusion of salary and other compensation in the payment of TRS and THIS? Or, will TRS and THIS be paid (also commonly referred to as "picked up and paid") by the Board in addition to salary and other compensation? 3. Unforeseen pension reform issues?

☐ **Conditions of Employment**

Superintendent Contract Term Considerations for the Board	**Explanation, Special Considerations, and Resources**
Administrative License	Does the Board want to require the successful superintendent candidate to guarantee that as the future Superintendent of the

	District, he or she has and will maintain the appropriate licensure throughout the employment contract?
Criminal Background Check Law	105 ILCS 5/10-21.9. See also **PRESS** sample policy 5:30, *Hiring Process and Criteria*, and the subhead entitled **Fingerprint-based Criminal History Records Information Check** in administrative procedure 5:30-AP2, *Investigations*.
Sexual Misconduct Related Employment History Review Law	105 ILCS 5/22-94, amended by P.A. 104-831, eff. 1-1-27. See also **PRESS** sample policy 5:30, *Hiring Process and Criteria* and **PRESS** sample administrative procedure 5:30-AP3, *Sexual Misconduct Related Employment History Review (EHR)*.
Other Background Check Laws	Does the Board want to require additional background inquiries beyond the fingerprint-based criminal history records information check required by 105 ILCS 5/10-21.9 and sexual misconduct related employment history review required by 105 ILCS 5/22-94, amended by P.A. 104-831, eff. 1-1-27, and discussed above? If yes, consult the Board Attorney and consider the following laws: 15 U.S.C. § 1681 et seq., Federal Fair Credit Reporting Act (FCRA), is a federal law that regulates the gathering and use of information about consumers by third-party *consumer reporting agencies*, including credit information, criminal background, driving record, personal characteristics/reputation, etc. The law requires consumer reporting agencies to comply with certain procedural notice requirements when gathering information from a consumer. 820 ILCS 75/, Ill. Job Opportunities for Qualified Applicants Act, prohibits employers from inquiring about an applicant's criminal history until the application has been determined qualified and notified that he/she has been selected for an interview (a/k/a *Ban the Box* law). 820 ILCS 55/, Ill. Right to Privacy in the Workplace Act (RPWA), prohibits employers from: 1. Requesting, coercing, or requiring any employee or prospective employee to provide a username and password for any personal online account;

	2. Requesting, coercing, or requiring an employee or applicant to invite the employer to have access to that individual's personal online account; and 3. Taking an adverse employment action against an individual (including refusal to hire) based on that individual's use of a lawful product off District property during nonworking hours, i.e., tobacco, cannabis, or alcohol. (**Note:** RPWA allows employers to regulate employees' use of those lawful products that impair an employee's ability to perform the employee's assigned duties. See policy 5:50, *Drug- and Alcohol-Free Workplace; E-Cigarette, Tobacco, and Cannabis Prohibition*, and its f/ns). 820 ILCS 70/, Ill. Employee Credit Privacy Act, prohibits employers from inquiring into an individual's credit history or taking action against an employee based such history unless a satisfactory credit history is a *bona fide occupational requirement*, which is further defined in the statute. The job descriptions of superintendents generally meet this standard because they: (1) describe a managerial position that involves direction of school districts; (2) include signatory power over more than $100; and (3) involve having access to confidential and financial information. **Note:** Any one of these grounds alone is sufficient.
Medical Examination	105 ILCS 5/24-5 requires new employees to submit evidence of physical fitness to perform assigned duties and freedom from communicable diseases. The Americans with Disabilities Act allows medical inquiries of current employees only when they are job-related and consistent with business necessity or part of a voluntary employee wellness program. 42 U.S.C. §12112(d)(4). Districts may deny jobs to individuals with disabilities who pose a direct threat to the health or safety of others in the workplace, provided that a reasonable accommodation would not either eliminate the risk or reduce it to an acceptable level. 42 U.S.C. §12113; 29 C.F.R. §1630.2(r). See also **PRESS** sample policy 5:30, *Hiring Process and Criteria*, specifically f/ns 25 and 26.
Tenure	<u>Suspension of Tenure</u>

	With multi-year contracts and multi-year extensions, superintendents waive their rights to tenure in a school district, but no previously acquired tenure may be lost. <u>Continued Tenure</u> Superintendents serving multiple one-year contracts may still accrue service toward and acquire tenure. See 105 ILCS 5/10-23.8 and the *Duration of Contract* row in the **Employment and Compensation** checkbox, above.

☐ **Evaluations and Goals**

Superintendent Contract Term Considerations for the Board	Explanation, Special Considerations, and Resources
Board Goals and Indicators of Student Performance and Academic Achievement for the Superintendent	105 ILCS 5/10-23.8 requires each performance-based contract to include the goals and indicators of student performance and academic improvement determined and used by the Board to measure the performance and effectiveness of the Superintendent and other information as the Board may determine. Regarding its goals and indicators, has the Board: 1. At a minimum, addressed student performance and academic achievement (105 ILCS 5/10-23.8 states “and such other information as the local school board may determine”)? 2. Included them in the body of the employment contract? Or as an exhibit to it? 3. Set them to be: a. Measurable and achievable, i.e., are they within the Superintendent’s control? b. Objective, subjective, or a combination of both? 4. Set a timeline for achievement, and if so is it: a. On an annual basis? b. Prior to completion of the employment contract? 5. Set them as procedural, substantive, or a combination of

	both? For more information about setting goals and indicators for superintendents regarding student performance and academic achievement, see: www.iasb.com/training-and-events/training/workshops Contact an Outreach and Training Director regarding the following IASB workshops and/or offerings that may set the stage for school boards to hold their superintendents accountable for district performance, including academic achievement: *Setting District Goals and Direction* (leads a board and superintendent (and staff, parents, and community members, if desired) in articulation of values, mission, vision, and district goals) *The Superintendent Evaluation Process* (analyzes the current components of the superintendent evaluation process and how to improve them)
Superintendent Evaluation	Once the Board has developed its goals and indicators (as discussed immediately above), 105 ILCS 5/10-20, 5/10-23, and 5/10-23.8 require the Board to (105 ILCS 5/10-16.7): 1. "Direct, through policy, its superintendent in his or her charge of the administration of the school district;" and 2. Evaluate the superintendent in his or her "administration of school board policies and his or her stewardship of the assets of the district." How will the Board evaluate the successful superintendent candidate upon its outlined goals and indicators? Does the Board state when it will evaluate the successful superintendent candidate upon the goals and indicators that it set? **Note:** Some districts do not consider the superintendent evaluation to be a *one-time event* and put an ongoing process into place. Contrast other districts, which, depending on their preferences, generally find the best time of year to evaluate is in the winter or spring.

	Is the Board or the successful superintendent candidate responsible for triggering the components of the Superintendent's evaluation process? What evaluation instrument will be used? How will the evaluation be documented? Will an evaluation instrument be outlined by the Board in its employment contract with the successful superintendent candidate? Is the evaluation instrument the Board will use tied to its goals and indicators of student performance and academic improvement and other information as the Board may determine? For more information about best practices when planning for and evaluating the Superintendent, see: *The Superintendent Evaluation Process* at: www.iasb.com/training-and-events/training/workshops/the-superintendent-evaluation-process; IASB's *Foundational Principles of Effective Governance*, **Principle 3. The board employs a superintendent**, at: www.iasb.com/training-and-events/training/training-resources/foundational-principles-of-effective-governance; stating "the board employs and evaluates one person — the superintendent — and holds that person accountable for district performance and compliance with written board policy."

Any consequences or other penalties to it? b. The impact of any prior salary increases? c. Potential pension reform issues? 2. Often, a successful superintendent candidate's attorney has interest in the following issues: a. Available post-retirement options available, e.g., payments for sick/vacation days, post-retirement insurance, longevity annuity payment, etc. b. Whether a potential retirement payment will be properly creditable for TRS purposes. **Note:** Ultimately, only TRS has the authority to determine creditability.
Annuities and Other Deferred Compensation	Will the Board address any type of annuities and other deferred compensation issues? If yes, then: 1. Will it offer such compensation in addition to the Superintendent's agreed-upon salary? 2. Will it contribute creditable earnings for TRS purposes?
Bonuses, Lump Sum Payments	Will the Board consider compensation other than salary, including bonuses, payment for optional TRS service credit, or other lump sum payments?

☐ **Changes to the Superintendent's Employment Contract**

Superintendent Contract Term Considerations for the Board	**Explanation, Special Considerations, and Resources**
Non-Renewal at End of Contract	How will the Board and successful superintendent candidate agree to address orderly end to the employment contract when the Board

	chooses not to renew it? 1. Will there be a non-renewal notification date? Do both parties' attorneys find it reasonable? 2. Will the Board require the Superintendent to remind it of the non-renewal date? 3. Will there be any agreement to modify the requirement for an automatic one-year renewal if the Board fails to provide end-of-contract non-renewal notification or the right to a hearing upon non-renewal? See 105 ILCS 5/10-21.4.
Renewal at End of Contract	Will the Board agree to a procedure for renewing the employment contract at its end? If yes, then: 1. What date would be the earliest that the Board could renew its employment contract with the Superintendent? 2. What criteria will the Board base its renewal upon? For example, some boards base renewal upon superintendents achieving their stated goals and indicators of student performance and academic improvement and other information they required.
Contract Extensions	Will the Board agree to allow for an extension of its employment contract during its term? If yes, then: 1. Will the Board agree to extend it during its term if the Board determines that the Superintendent successfully met all of the Board's stated goals and indicators of student performance and academic improvement and other information it required? 2. Will the Board agree to extend a one-year contract when the Superintendent is not required to meet any goals? See 105 ILCS 5/10-23.8.
Terminations	If the successful superintendent candidate accepts employment with the Board and becomes the Superintendent, how will the Board outline the grounds and procedures for terminating the Superintendent's employment during the contract's term?

1. Will the Board and the successful superintendent candidate agree to terminate it upon mutual agreement?
2. Will the Board allow retirement to be an appropriate reason for terminating its employment contract with the Superintendent? And if so, will the Board require reasonable notice from its Superintendent?
3. Could either the Board or Superintendent terminate the employment contract without cause by providing notice to the other? If so, under what terms?
4. Will the Board terminate the employment contract for permanent disability of the Superintendent?
    a. How will the Board define permanent disability in the contract?
    b. Will the Board require the Superintendent to obtain a permanent disability determination through physician certification, and/or
    c. Will the Board consider duration of absence; e.g., 90-days after exhaustion of available leave, whichever is greater?

See **PRESS** sample policy 5:180, *Temporary Illness or Temporary Incapacity*.

5. What standard will the Board use to terminate the employment contract for cause? Items to consider include:
    a. Any conduct detrimental/prejudicial to the District;*
    b. Just cause;
    c. Sufficient to dismiss a tenured teacher;
    d. Material breach of contract; or
    e. Not arbitrary and capricious.

*50 ILCS 205/3c requires a school district to post on its website and make available to news media specific information about severance agreements that it enters into because an employee or contractor was found to have engaged in sexual harassment or sexual discrimination, as defined by the Ill. Human Rights Act or Title VII of the Civil Rights Act of 1964. See **Severance Pay** row directly below.

6. Will the Board agree to provisions for hearing and due

	process for the Superintendent? 7. How will the Board address death of its Superintendent during the duration of the employment contract?
Severance Pay	Any renewal or renegotiation that adds a condition of severance pay must include the following provisions of GSPA, 5 ILCS 415/10(a): 1. A restriction to an amount not exceeding 20 weeks of compensation; and 2. A prohibition for any severance if the Superintendent is fired for *misconduct* by the Board. This law defines misconduct to include sexual harassment and/or discrimination. But 50 ILCS 205/3c limits sexual harassment or discrimination to instances when an employee is "found to have engaged in sexual harassment or sexual discrimination, as defined by the Ill. Human Rights Act or Title VII of the Civil Rights Act of 1964." For more discussion about these laws, see f/n 7 in policy 2:260, *Uniform Grievance Procedure*.

Ongoing Monitoring of Each Party's Compliance with the Contract	Are the Board and Superintendent actually complying with the terms of the employment contract? Has the Board Attorney explained how the Board should monitor compliance with the employment contract?

C1. Rewritten for PRESS Plus. The exhibit is updated in response to 105 ILCS 5/22-94, amended by P.A. 104-831, clarifying that applicants only need to list their current employer during the sexual misconduct employment history review (EHR) process if their current job involves direct contact with children or students, and for continuous improvement. A redlined version showing the changes made is available at PRESS Online by logging in at www.iasb.com. **Issue 123, October 2026**
