MEMO TO:	**Dr. Graff, Superintendent** **School Board**
FROM:	**Jana Sykora**
DATE:	**November 12, 2026**
SUBJECT:	**Possibility Project Donations**

I would like to formally thank the following individuals and families for their donations to support a new initiative to increase student inclusion called ***The Possibility Project.***

- ★ Christina Kienlen and family $300
- ★ Jen Stenzel and family $300
- ★ Dale and Tracie Bjorklund $500

The goals of ***The Possibility Project*** are to create meaningful, hands-on opportunities for students to practice communication and social skills while broadening their access to and active involvement within the local community. Ideas include:

- **Transportation & Outing Expenses:** Monthly off-campus field trips and community-based learning activities that foster real-world independence.
- **Mobile Cart Startup & Supplies:** A monthly student-led cart designed to foster peer interactions, build social connections, and share information across the school (ex: delivering classroom supplies, restocking items in the building, etc.).
- **Work-Skills Collaboration:** Hands-on vocational practice and peer collaboration through integration with the high school coffee cart initiative.

I request the Board's approval to officially accept these generous donations totaling $1100.

Trick-or-Treating @ the Community Center with Augmentative and Alternative Communication (AAC) devices!
