BUILDINGS/GROUNDS & TRANSPORTATION REPORT

Date: November 16, 2026
To: Board of Education
From: Jeff Stauder

BUILDINGS/GROUNDS

Facilities Committee

The Facilities Committee did not meet. Next meeting is TBD.

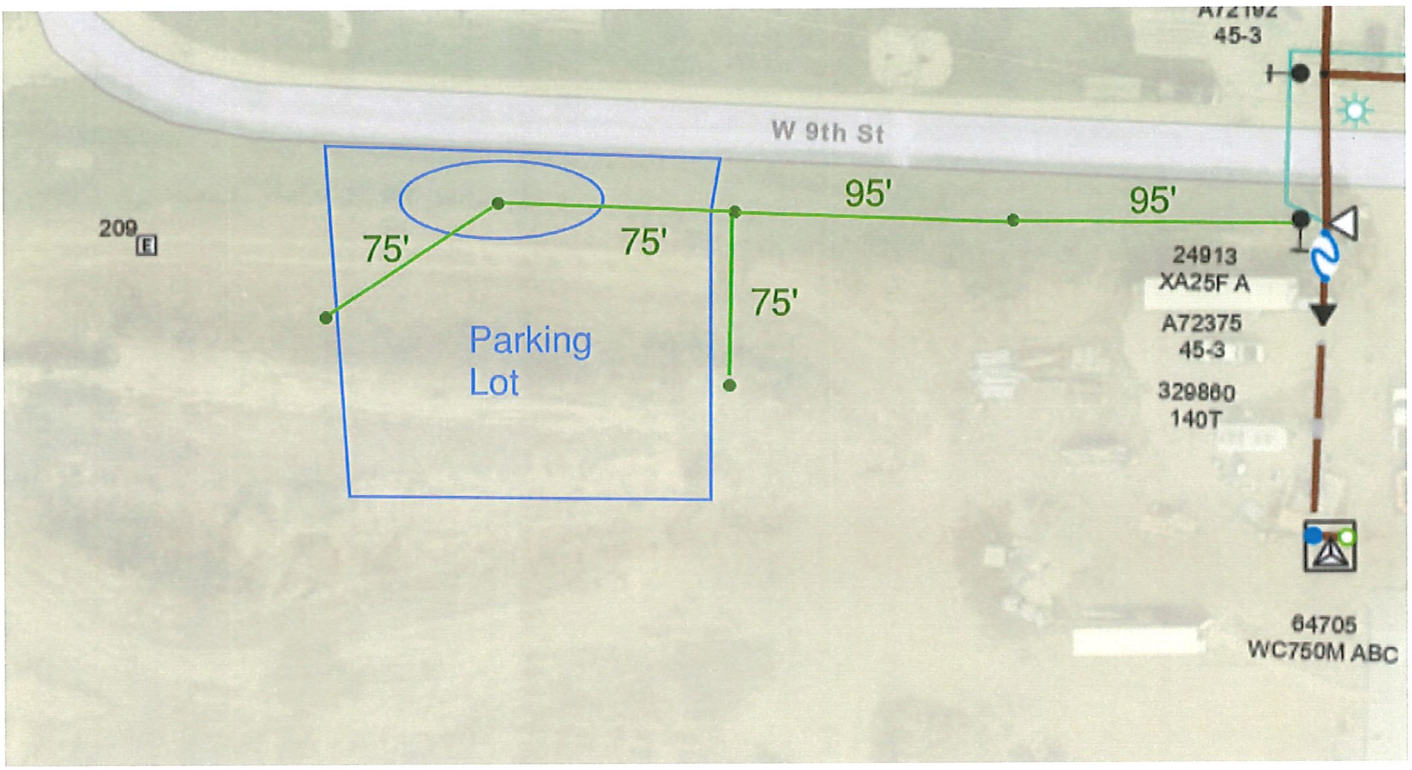

The softball field has been completed and everything looks good. The sidewalk will be completed before too long.

The Baseball Field is finished except for the scoreboard.

I have talked to Ameren about lights for the softball field parking lot. Right now the layout is for 5 lights. We can always add more on at no cost as long as they are 75 feet apart. There is a one time charge of $661.20 for the first 2 poles because they had to be set at 95 feet to get to the lot, after that it will be the monthly charge for the electric, which will be tacked on to our bill.

Hazard Resolution

Every year the School Board must approve the Safety Hazard Resolution, stating that the District has Safety Hazards existing in our area. I would need a motion to approve this Resolution.
