FOR ACTION

Lisle Community Unit School District 202
Board of Education Meeting
November 23, 2026

SUBJECT: Agreement with Lisle Baseball Softball for the use of District Baseball Facilities

RECOMMENDATION: Administration recommends that the Board of Education approve the agreement between Lisle Community Unit School District 202 and Lisle Baseball Softball, Inc. regarding the use of District baseball facilities.

BACKGROUND: Lisle Baseball Softball, Inc. ("Lisle Baseball") has historically used certain District baseball fields for its youth baseball programming, including Field No. 7 within Community Park, the two baseball fields at Lisle Junior High School, and the baseball field at Schiesher Elementary School.

Administration has worked with Lisle Baseball to develop a formal agreement establishing expectations regarding scheduling, facility use, maintenance, insurance, safety, and other responsibilities.

The agreement provides Lisle Baseball with a non-exclusive, revocable license to use the designated fields for youth baseball practices and games. District programs and activities retain priority, and all schedules must be approved by the District Athletic Director or designee.

Use of the facilities will continue without charge, provided that at least 50% of Lisle Baseball's registered participants reside within District 202 boundaries or attend a District 202 school. The agreement also establishes maintenance responsibilities, insurance and indemnification requirements, and provisions governing safety and supervision.

The proposed agreement was presented to the Finance Committee for discussion on October 26, 2026. Following the Committee's review, minor revisions were made to clarify administrative authority for certain operational matters. No other concerns were raised.

Lisle Baseball has reviewed the agreement and indicated its acceptance of the terms

FINANCIAL IMPACT: The agreement allows Lisle Baseball to continue using District baseball facilities at no charge, provided the participation requirements are met. Lisle Baseball will be responsible for routine field preparation associated with its activities and will reimburse the District for consumable field preparation materials and any damage beyond ordinary wear and tear caused by its negligent or wrongful acts or omissions.

SUGGESTED MOTION: That the Board of Education approve the agreement between Lisle Community Unit School District 202 and Lisle Baseball Softball, Inc. regarding the use of District baseball facilities, as presented.
