Kennisha Shangin, Maintenance and Custodian
Mark Kosbruk, Cook
Angelina Phillips, Night Gym Aide

Classroom Highlights

Pre-K

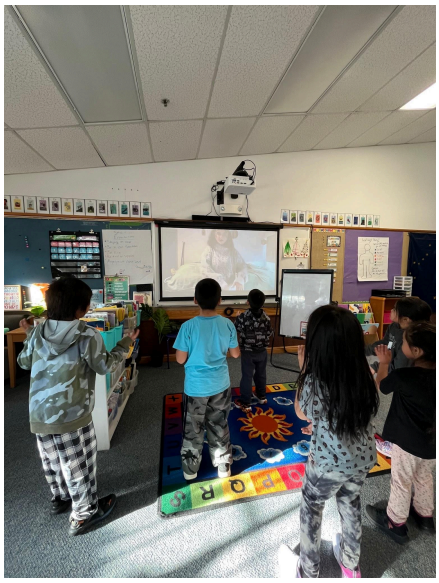

Preschool is going great; we've established a great routine, and all 3 students follow and know what to expect. We're still learning Alutiiq every day: body parts, introductions, and family names. We've learned letter and sounds for Gg-Ii. In numeracy, we're learning to count to 30. I have planned a Family Group Meeting for November 14th, themed Thanksgiving Family Placemat Making, and hopefully get some parents interested in checking out the FAMILY Grant book bags and pouches. - Miss Audrey

Elementary

Elementary students are fantastic! Busy bees and learning so much. We are trying to become more proficient at skip counting for the older students, so we have started doing scooter races to help with quick thinking and team building. Younger students are becoming proficient at counting from 1 through 50, so that is what they count to while the rest skip count. Reading is becoming more and more fluent. With older students, we are practicing expression while reading and how a question mark, exclamation point, and period change our voice. Younger students are getting better at CVC words and putting words into sentences. We are beginning to build sentences but still need to improve our handwriting. As a whole group, students can now identify the setting, characters, the rise, exposition, and resolution of a story, as well as the main point. They are also getting great at inferring, guessing what may happen in a book before reading it.

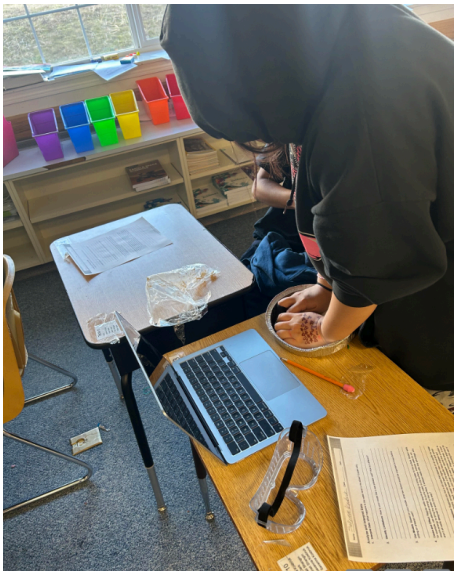

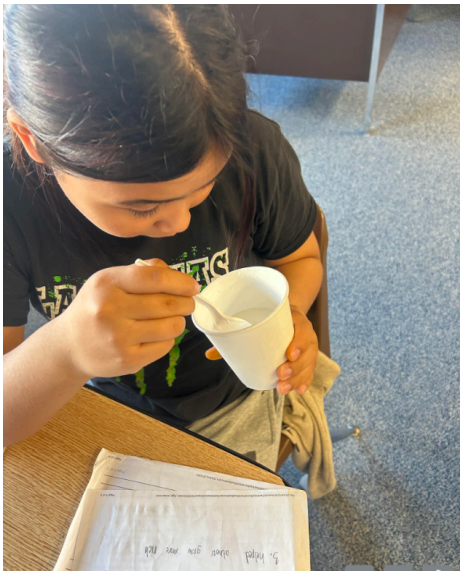

Our students are super creative! We have started incorporating art and making crafts for kids to put up at the Christmas party. We will also start incorporating music by singing songs for the Christmas party. Students have also been doing traditional dances on Fridays and have been loving it! - Mrs. Livi

Secondary

Secondary has gained two new students. Three students have participated in a CTE event so far, with one having applied to a CTE course for February. Students have club options, including robotics and choir, as the sports season quickly comes to a close. We are still experiencing some attendance issues. Overall, the primary focus is on perfecting classroom management and cultivating student achievement. - Mr. Kirkwood

LSAC Activity

The LSAC met on October 27. Two seats are up for election and will be voted on at the next LSAC meeting on November 23.

Community Engagement

Perryville hosted Mix-Three Volleyball on October 14-16.
Sarah Lang with Alaska's National Wildlife Refuges visited the school and provided programming to students for the Migratory Bird Calendar Contest.
Throughout October and November, the team held several volleyball scrimmages with the community, with the final scrimmage on Friday, November 13.
On Saturday, November 14, Perryville Student Government hosted a movie night and showed Spider-Man: No Way Home.
Parent-teacher conferences will take place Thursday, November 19, and Friday, November 20.

Professional Development
All teachers attended in-service in Naknek in October, and regular education teachers are participating in the PLCs with Moon on Wednesdays.
Pupil % Attendance K-12
The attendance rate for October was 96.3%%. Thus far, the attendance rate in November is 92.73%.
Student and Staff Safety
Carl was on-site working on the heating and plumbing systems.
