Crosslake Community Schools - Online School. Principal's report

Submitted by: Monique VonEnde, K-8 Online Principal
Date 11/16/26

News/updates/events

- Long Lake Conservation Center overnight field trip 11-5. The programming was excellent, and it was a wonderful connection point for students.

Staffing updates

- See Rose's report re: Benefits
- No current staffing needs.
- Middle school is nearing capacity with 95 students.
- 72% full in elementary. Smaller classes in K-3 have created time in teachers' schedules for additional reading support.

Curriculum

- Continuing to support student and staff needs in our new Buzz LMS.
- Participating in middle school and high school department-level check-ins regarding Buzz/Flexpoint transition with Rose.
- Exploring elective options for K-5. Requested FlexPoint sandbox access to K-5 Computer courses, K-5 Music, and Introduction to Spanish

Professional Development

- Attended the B-TERC for School Officials training in Thief River Falls with Dan Fischer and Bud Roberts. I was pleasantly surprised by how applicable the information on responding to a reported concern was to an online school.
- Currently attending the "Ethical and Legal School Leadership" course as part of my ongoing Ed.S. program.

Looking Ahead

- Planning J-term for Middle School with Calli Walker and learning coaches. Discussing options and ideas with elementary staff and Heidi O'Brien

- Thanksgiving Break: November 25-27
