SEARCH OF STUDENT LOCKERS, DESKS, PERSONAL POSSESSIONS, AND STUDENT'S PERSON **502**

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide for a safe and healthful educational environment by enforcing the school district's policies against contraband.

II. GENERAL STATEMENT OF POLICY

A. Lockers and Personal Possessions Within a Locker

Pursuant to Minnesota statutes, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

B. Desks

School desks are the property of the school district. At no time does the school district relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

C. Personal Possessions and Student's Person

The personal possessions of students and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

D. A violation of this policy occurs when students use lockers and desks for unauthorized purposes or to store contraband. A violation occurs when students carry contraband on their person or in their personal possessions.

III. DEFINITIONS

A. "Contraband" means any unauthorized item possession of which is prohibited by

school district policy and/or law. It includes, but is not limited to, weapons and "look-alikes," alcoholic beverages, controlled substances and "look-alikes," overdue books and other materials belonging to the school district, and stolen property.

B. "Personal possessions" includes, but is not limited to, purses, backpacks, bookbags, packages, and clothing.

C. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official's personal observation, a report from a student, parent or staff member, a student's suspicious behavior, a student's age and past history or record of conduct both in and out of the school context, or other reliable sources of information.

D. "Reasonable scope" means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g., to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.

IV. PROCEDURES

A. School officials may inspect the interiors of lockers and desks for any reason at any time, without notice, without student consent, and without a search warrant.

B. School officials may inspect the personal possessions of a student and/or a student's person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student's person will be reasonable in its scope and intrusiveness.

C. As soon as practicable after a search of personal possessions within a locker pursuant to this policy, the school officials must provide notice of the search to students whose possessions were searched unless disclosure would impede an ongoing investigation by police or school officials.

D. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.

E. A strip search is a search involving the removal of coverings or clothing from private areas. Mass strip searches, or body cavity searches, are prohibited. Strip searches will be conducted only in circumstances involving imminent danger.

F. A school official conducting any other search may determine when it is appropriate to have a second official present as an observer.

G. A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate. The school district shall provide a copy of this policy to a student when the student is given use of a locker.

V. DIRECTIVES AND GUIDELINES

School administration may establish reasonable directives and guidelines which address specific needs of the school district, such as use of tape in lockers, standards of cleanliness and care, posting of pin-ups and posters which may constitute sexual harassment, etc.

VI. SEIZURE OF CONTRABAND

If a search yields contraband, school officials will seize the item and, where appropriate, turn it over to legal officials for ultimate disposition.

VII. VIOLATIONS

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion, and the student may, when appropriate, be referred to legal officials.

    a. A "violent extremist group" or "gang" as defined in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. "Pattern of gang activity" means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.

505

I. PURPOSE

The purpose of this policy is to protect the exercise of students', employees', and members of the public's free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

A. The school district recognizes that students, employees and members of the public have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.

B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.

B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include but are not limited to leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.

C. "Obscene to minors" means:

2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct

should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and

3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

D. "Minor" means any person under the age of eighteen (18).

E. "Material and substantial disruption" of a normal school activity means:

1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.

G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

5. advocates violence or other illegal conduct;

6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious or ethnic origin);

7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations;

8. is considered campaign material. School facilities (including teachers' mailboxes in the buildings) are not to be used by candidates for public office or their adherents to distribute campaign materials in their behalf. Solicitation of campaign funds in school buildings in behalf of candidates is also prohibited.

C. Distribution by students, employees and members of the public of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:

If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays and holidays) of submitting the appeal, the person shall contact the office of the Superintendent to verify that the lack of response is not due to an inability to locate the person.

EXTENDED SCHOOL YEAR FOR CERTAIN STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS

508

[Note: The provisions of this policy substantially reflect statutory and regulatory requirements.]

I. PURPOSE

The purpose of this policy is to ensure that the school district complies with the overall requirements of law as mandated for certain students subject to individualized education programs (IEPs) when necessary to provide a free appropriate public education (FAPE).

II. GENERAL STATEMENT OF POLICY

A. Extended School Year Services Must Be Available to Provide a FAPE. The school district shall provide extended school year (ESY) services to a student who is the subject of an IEP if the student's IEP team determines the services are necessary during a break in instruction in order to provide a FAPE.

B. Extended School Year Determination. At least annually, the IEP team must determine that a student is in need of ESY services if the student meets any of the following conditions:

1. There will be significant regression of a skill or acquired knowledge from the student's level of performance on an annual goal that requires more than the length of the break in instruction to recoup unless the IEP team determines a shorter time for recoupment is more appropriate; OR

2. Services are necessary for the student to attain and maintain self-sufficiency because of the critical nature of the skill addressed by an annual goal, the student's age and level of development, and the timeliness for teaching the skill; OR

3. The IEP team otherwise determines, given the student's unique needs, that ESY services are necessary to ensure the pupil receives a FAPE.

C. Required Factors Schools Must Consider in Making ESY Determinations. The IEP team must decide ESY eligibility using information including:

1. Prior observations of the student's regression and recoupment over the summer;

2. Observations of the student's tendency to regress over extended breaks in instruction during the school year; and

3. Experience with other students with similar instructional needs.

D. Additional Factors to Consider, Where Relevant. In making its determination of ESY needs, the following factors must be considered, where relevant:

1. The student's progress and maintenance of skills during the regular school year.

2. The student's degree of impairment.

3. The student's rate of progress.

4. The student's behavioral or physical problems.

5. The availability of alternative resources.

6. The student's ability and need to interact with nondisabled peers.

7. The areas of the student's curriculum which need continuous attention.

8. The student's vocational needs.

E. No Unilateral Decisions.

In the course of providing ESY services to children with disabilities, the school district may not unilaterally limit the type, amount, or duration of those services.

F. Services to Nonresident Students Temporarily Placed in School District.

A school district may provide ESY services to nonresident children with disabilities temporarily placed in the school district in accordance with applicable state law.

STUDENT RECRUITING 517

I. PURPOSE

The purpose of this policy is to prevent school district employees from exerting undue influence for purposes of securing or retaining the attendance of a student in a school.

II. GENERAL STATEMENT OF POLICY

A. It is the policy of the school district to encourage employees to make available to all interested people information regarding the school district, its schools, programs, policies, and procedures. The purpose of such activity is to assist in the process of fully informed decision making regarding school enrollment and to enhance the visibility and image of the school district.

B. At the same time, the school district recognizes that the scope of such activity is limited by statutory authority and bylaws of the Minnesota State High School League. Accordingly, it shall be a violation of this policy for employees to exert undue influence for purposes of securing or retaining the attendance of a student in a school or to compete with another school district for the enrollment of students.

C. Employees are further prohibited from encouraging others to engage in such conduct on behalf of the school district.

III. DEFINITION

A. The terms "undue influence" or "competing for enrollment" shall include initiating any oral or written contact with a student from another school district who participates in a school-sponsored sport or activity which solicits the student's transfer to participate in a sport or activity.

B. The terms shall also include the awarding of tuition, allowance for board and/or room, allowance for transportation, priority in assignments of jobs, cash or gifts in any form, or any other privilege or consideration if not similarly available to all students.

IV. PROCEDURES

A. The school board shall adopt, by resolution, specific standards for acceptance and rejection of applications for open enrollment. Standards may include the capacity of a program, class, school building, or the statutory limits to nonresident enrollment in a particular grade level, or whether the student is currently expelled for (1) possessing a dangerous weapon, as defined under federal law, at a school or school function; (2) possession or using an illegal drug at school or at a school function; (3) selling or soliciting the sale of a controlled substance while at school or a school function; or committing a first, second or third degree assault as described in state law. Standards for acceptance and rejection of open-enrollment

applications are subject to the Graduation Incentives Program and may not include previous academic achievement, athletic or other extracurricular ability, disabling conditions, proficiency in the English language, previous disciplinary proceedings, or the student's district of residence.

B. Employees who violate the provisions of the policy shall be subject to disciplinary action as appropriate. Any such disciplinary action shall be made pursuant to and in accordance with applicable statutory authority, collective bargaining agreements, school district policies, and the bylaws of the Minnesota High School League, as applicable.

DNR-DNI ORDERS **518**

I. PURPOSE

The school district recognizes that it is serving students with complex health needs. The school district also recognizes that school district staff may be confronted with requests to withhold emergency care of a student in the event of a life threatening situation at school or school activities or be presented with Do Not Resuscitate/Do Not Intubate (DNR-DNI) orders. The purpose of this policy is to provide guidance to school district staff and parents or guardians in these situations.

II. GENERAL STATEMENT OF POLICY

A. The primary mission of the school district is education. DNR-DNI Orders are medical documents. School district staff will not accept or honor requests to withhold emergency care or DNR-DNI orders. The school district will not convey such orders to emergency medical personnel.

B. School district staff will provide reasonable emergency care and assistance when a student is undergoing a medical emergency during school or school activities.

C. School district staff will activate emergency medical services (911) as soon as possible when a student is undergoing a medical emergency during school or school activities.

D. The parent/guardian will be notified of the emergency as soon as possible.

E. Notwithstanding this school district policy, IEP and Section 504 teams must develop individualized medical emergency care plans for students when appropriate in accordance with state and federal law.

F. Parents/guardians who request that emergency care be withheld for their child or who present DNR-DNI Orders, shall be advised of and shall be given a copy of this policy.

VIOLENCE PREVENTION [APPLICABLE TO STUDENTS AND STAFF] 525

I. PURPOSE

The purpose of this policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior.

The school board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe for all members of the school community. It further believes that students are the first priority and they should be protected from physical or emotional harm during school activities and on school grounds, buses, or field trips while under school district supervision.

II. GENERAL STATEMENT OF POLICY

A. The policy of the school district is to strictly enforce its weapons policy (Policy 501).

B. The policy of the school district is to act promptly in investigating all acts, or formal or informal complaints, of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.

C. The administration will periodically review discipline policies and procedures, prepare revisions if necessary, and submit them to the school board for review and adoption.

D. The school district will implement approved violence prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

III. IMPLEMENTATION OF POLICY

A. The school board will review and approve policies to prevent and address violence in our schools. The superintendent or designee will develop procedures to effectively implement the school weapons and violence prevention policies. It shall be incumbent on all students and staff to observe all policies and report violations to the school administration.

B. The school board and administration will inform staff and students annually of policies and procedures related to violence prevention and weapons.

C. The school district will act promptly to investigate all acts and formal and informal complaints of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.

D. The consequences set forth in the school weapons policy (Policy 501) will be imposed upon any student or nonstudent who possesses, uses or distributes a weapon when in a school location.

E. The consequences set forth in the school hazing policy (Policy 526) will be imposed upon any student or staff member who commits an act against a student or staff member; or coerces a student or staff member into committing an act, that creates a substantial risk of harm to a person in order for the student or staff member to be initiated into or affiliated with an organization, or for any other purpose.

F. Students who engage in assault or violent behavior will be removed from the classroom immediately and for a period of time deemed appropriate by the principal, in consultation with the teacher, pursuant to the student discipline policy (Policy 506).

G. Students with disabilities may be expelled for behavior unrelated to their disabilities, subject to the procedural safeguards required by the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Pupil Fair Dismissal Act.

H. Procedures will be developed for the referral of any person in violation of this policy or the weapons policy to the local law enforcement agency in accordance with Minnesota Statutes section 121A.05.

I. Students who wear objectionable emblems, signs, words, objects, or pictures on clothing communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group or which connotes gang membership or that approves, advances, or provokes any form of religious, racial, or sexual harassment or violence against other individuals as defined in the harassment and violence policy (Policy 413) will be subject to the procedures set forth in the student dress and appearance policy (Policy 504). "Gang" as used in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. A "pattern of gang activity" means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.

J. This policy is not intended to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, profane, denote gang affiliation, advocate harassment

or violence against others, are likely to disrupt the education process, or cause others to react in a violent or illegal manner (Policy 504).

IV. PREVENTION STRATEGIES

The school district has adopted and will implement the following prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

The curriculum may be created in consultation with federal, state, and local agencies and community-based organizations, including the Child Welfare Information Gateway website maintained by the United States Department of Health and Human Services, to identify research-based tools, curricula, and programs to prevent child sexual abuse.

S. Provide training to all school personnel on recognizing and preventing sexual abuse and sexual violence which may include training on mandatory reporting requirements provided on the Minnesota Department of Education's website and reviewing the Code of Ethics for Minnesota Teachers.

HAZING PROHIBITION 526

[Note: School districts are required by statute to have a policy addressing these issues. The Minnesota Department of Education (MDE) will maintain and make available a model policy on student and staff hazing in accordance with Minn. Stat. § 121A.69. The MDE model policy differs from the MSBA/MASA model policy as it incorporates state and federal requirements related to harassment and discrimination which extends beyond the mandate of Minn. Stat. § 121A.69. Topics of harassment and discrimination are addressed in other MSBA/MASA policies. While school districts are required to adopt a policy governing student and staff hazing, school districts are not required to adopt any particular policy. MSBA recommends this policy.]

I. PURPOSE

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

II. GENERAL STATEMENT OF POLICY

A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.

C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.

D. Retaliation against a victim, good faith reporter, or a witness of hazing is prohibited.

E. False accusations or reports of hazing against a student, teacher, administrator, volunteer, contractor, or other employee are prohibited.

F. A person who engages in an act of hazing, reprisal, retaliation, or false reporting of hazing or permits, condones, or tolerates hazing shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, tolerate, or are a party to prohibited acts of hazing may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate hazing or engage in an act of reprisal or intentional false reporting of hazing may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of hazing may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

G. This policy applies to hazing that occurs during and after school hours, on or off school premises or property, at school functions or activities, or on school transportation.

H. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.

I. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.

2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.

5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.

B. "Immediately" means as soon as possible but in no event longer than 24 hours.

C. "On school premises or school district property, or at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting hazing at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

D. "Remedial response" means a measure to stop and correct hazing, prevent hazing from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of hazing.

E. "Student" means a student enrolled in a public school or a charter school.

F. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

A. Any person who believes he or she has been the target or victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report hazing anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

B. The school district encourages the reporting party to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of hazing at the building level. Any adult school district personnel who receives a report of hazing prohibited by this policy shall inform the building report taker immediately. Any person may report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or

complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

C. A teacher, administrator, volunteer, contractor, and other school employees shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct which may constitute hazing shall make reasonable efforts to address and resolve the hazing and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing or who fail to make reasonable efforts to address and resolve the hazing in a timely manner may be subject to disciplinary action.

D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.

E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of hazing and the record of any resulting investigation.

F. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

A. Within three (3) days of the receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.

B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the hazing, the complainant, the reporter, and students or others pending completion of an investigation of alleged hazing prohibited by this policy.

C. The alleged perpetrator of the hazing shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

D. Upon completion of an investigation that determines hazing has occurred, the

school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies and regulations.

E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.

F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing, who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

VII. DISSEMINATION OF POLICY

[Note: Proper reference should be made to the appropriate handbooks in each school district.]

A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.

B. The school district will develop a method of discussing this policy with students

and employees.

STUDENT USE AND PARKING OF MOTOR VEHICLES; PATROLS, INSPECTIONS AND SEARCHES **527**

I. PURPOSE

The purpose of this policy is to provide guidelines for use and parking of motor vehicles by students in school district locations, to maintain order and discipline in the schools, and to protect the health, safety, and welfare of students and school personnel.

II. GENERAL STATEMENT OF POLICY

The policy of this school district is to allow the limited use and parking of motor vehicles by students in school district locations. The position of the school district is that a fair and equitable district-wide student motor vehicle policy will contribute to the quality of the student's educational experience, will maintain order and discipline in the schools, and will protect the health, safety, and welfare of students and school personnel. This policy applies to all students in the school district.

III. DEFINITIONS

A. "Contraband" means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes, but is not limited to, weapons and "look-alikes," alcoholic beverages, controlled substances and "look-alikes," overdue books and other materials belonging to the school district, and stolen property.

B. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official's personal observation, a report from a student, parent, or staff member, a student's suspicious behavior, a student's age and past history or record of conduct both in and out of the school context, or other reliable sources of information.

C. "Reasonable scope" means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g., to prevent violence, serious and immediate risk of harm, or destruction of evidence), and the age of the student.

D. "School district location" means property that is owned, rented, leased, or borrowed by the school district for school purposes, as well as property immediately adjacent to such property that may be used for parking or gaining access to such property. A school district location also shall include off school property at any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

IV. STUDENT USE OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS

Students generally are not permitted to use motor vehicles during the school day in any school district location. Students may use motor vehicles on the high school campus during the school day only during the student's designated lunch period, to or from a post-secondary class off-campus, or if there is an emergency and permission has been granted to the student by high school administration to use a motor vehicle.

V. STUDENT PARKING OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS

A. Students are permitted to park in a school district location as a matter of privilege, not of right. Students will not park vehicles in driveways, on private property, or in other designated staff parking lots. Parking permits are required to park in the school lots. Only grade 12 students who have good attendance record can apply for these parking permits. An annual parking fee will be charged.

B. When there are unauthorized vehicles parked on school district property, school officials may:

1. move the vehicle or require the driver or other person in charge of the vehicle to move it off school district property; or

2. if unattended, provide for the removal of the vehicle, at the expense of the owner or operator, to the nearest convenient garage or other place of safety off of school district property.

VI. PATROLS, INSPECTIONS, AND SEARCHES

School officials may conduct routine patrols of school district locations and routine inspections of the exteriors of the motor vehicles of students. In addition, the interiors of motor vehicles of students in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule.

A. Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

B. Search of Interior of Student Motor Vehicle

The interiors of motor vehicles of students in school district locations, including glove or trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school

policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle under the student's control or its compartments upon the request of a school official.

C. Prohibition of Contraband and Interference with Patrols, Inspections, Searches, and/or Seizures

A violation of this policy occurs when students store or carry contraband in motor vehicles in a school district location or interfere with patrols, inspections, searches, and/or seizures as provided by this policy.

D. Seizure of Contraband

If a search yields contraband, school officials will seize the item and may turn it over to legal officials for ultimate disposition when appropriate.

E. Dissemination of Policy

A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate.

VII. DIRECTIVES AND GUIDELINES

The superintendent is granted authority to develop and present for school board review and approval reasonable directives and guidelines which address specific needs of the school district related to student use and parking of motor vehicles in school district locations, such as a permit system and parking regulations. Approved directives and guidelines shall be attached as an addendum to this policy.

VIII. VIOLATIONS

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to withdrawal of parking privileges and/or to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion. In addition, the student may be referred to legal officials when appropriate.

STUDENT PARENTAL, FAMILY, AND MARITAL STATUS NON-DISCRIMINATION **528**

I. PURPOSE

Students are protected from discrimination on the basis of sex and marital status pursuant to Title IX of the Education Amendments of 1972 and the Minnesota Human Rights Act. This includes discrimination on the basis of pregnancy. The purpose of this school district policy is to provide equal educational opportunity for all students and to prohibit discrimination on the grounds of sex, parental, family, or marital status.

II. GENERAL STATEMENT OF POLICY
