BACKGROUND INFORMATION:

The Student Insurance is currently with GM-Southwest.

ITEMS ADDRESSED:

Student Insurance Proposals were received from three companies. Based on the reputation, experience, and past working history with GM-Southwest, approve GM-Southwest as the student insurance carrier for 2009-10, with a multi-year (3 year maximum) contract. GM-Southwest is currently using AIG as their catastrophic insurance company, however they have not given us a premium for this as they are in the process of securing another company for catastrophic coverage.

RECOMMENDED ACTION:

Approve GM-Southwest for Student Insurance provided they can secure a Catastrophic Insurance Provider within 30 days of the date of approval. If GM-Southwest can not secure a Catastrophic Provider, we will award the contract to Texas Monarch Management Co. for their Premier Plus Plan.

BUDGETARY INFORMATION:

GM-Southwest \$25,850 without catastrophic insurance.

Texas Monarch Premier Plus \$29,819.18 with catastrophic insurance
