	NEW SOLICITATIONS	
3846	PURCHASE AND INSTALLATION OF STERILIZATION CENTERS FOR DENTAL HYGIENE DEPARTMENT Patterson Dental Southlake, TX	\$40,456.00

TO: The Board of Trustees

FROM: District President H. Neil Matkin

DATE: June 23, 2015

SUBJECT: Recommendation for Approval of Competitive Sealed Bid 3846
– Sterilization Centers for Dental Hygiene Department.

SCOPE: Purchase of two (2) sterilization centers for the Dental Hygiene Department, each consisting of a 10 foot length of casework with cabinets and sink, one (1) each 5.5 gallon ultrasonic cleaner and one (1) water distiller including delivery and installation. The current instrument sterilization area in the department does not currently provide sufficient separation of sterile and non-sterile instruments. OSHA (Occupational Safety and Health Administration) does unscheduled code checks and at this time the Dental Hygiene Department would not meet OSHA standards or CODA (Commission on Dental Accreditation) standards. These units need to be installed and functioning no later than August 7, 2015 to insure that all sterility requirements can be met prior to the start of classes.

RESPONSES: Ten (10) vendors viewed the bid package, two (2) responded.

COMPARISON: See attached.

RECOMMENDATION: Patterson Dental \$40,456.00
Southlake, TX

JUSTIFICATION: Low bid meeting specifications.

REQUESTING DEPARTMENT: Dental Hygiene
