

## MEMO

**TO:** Superintendent Jeff Stephens  
Weber School District Board Members:

**FROM:** Lori Jo Rasmussen

**DATE:** July 21, 2020

**SUBJECT:** Weber School District Reopening Plan

---

Weber School District has been working collaboratively to develop our reopening plan for the fall of 2020. The process has included the work of all departments in the district as well as feedback from parents, teachers, staff, administrators and community members. We have also sought feedback from our local health department.

USBE issued specific requirements that each district must meet in order for schools to reopen. Our [Safe Weber Framework](#) which is embedded in USBE's ***School Reopening Template*** more than satisfies those requirements. We have taken the reopening of schools seriously and we are ready to serve students of Weber School District in the safest manner possible. We ask you to approve our reopening plan.
