RE: 8th Grade Trip to Cedar Point

For a number of years, we have planned a celebration trip for our 8th grade students. Upon your approval, this year we will be going to Cedar Point in Sandusky, Ohio. The cost of this trip will be covered by the students who attend the trip. We anticipate taking approximately 100 - 150 students plus approximately 10 adult chaperones. We will be using Indian Trails Charter Buses for the transportation to and from the park. The trip is planned for Monday, June 13, 2022. We plan to leave the middle school parking lot at 6:15 AM and will return at 10:30 PM on the same day.

For this trip, we will abide by all safety protocols put in place by Cedar Point as well as Indian Trails. All safety protocols will be communicated to parents and students in advance of the trip and again with students leading up to and on the day of the trip.

I appreciate your consideration of this request.
