

2025-2026 Class Size Exception Waivers

Our current District of Innovation plan provides our district the flexibility to increase the prekindergarten through fourth grade student class size limit from 22 to 23.

Currently, there are 6 elementary schools that have classes that exceed the 23 to 1 ratio, requiring the district to submit class size exemption waiver to the Texas Education Agency and notify parents by specifying the class for which an exception from the limit is granted.

Current elementary campuses with classrooms exceeding the 23 to 1 ratio include the following:

Bob Hope Elementary	1st Grade Bilingual
Elm Creek Elementary	Kinder Bilingual
Sky Harbour Elementary	3rd Grade Bilingual
Southwest Elementary	3rd Grade Bilingual
Spicewood Park Elementary	4th Grade (5 Classes)
Sun Valley Elementary	3rd Grade (2 Classes)
