FOR 2011-2012**

RESOLUTION

WHEREAS, the mission of the Shared Services Cooperative is to develop and sustain a viable, innovative approach to service provisions that both responds to our economic environment and delivers on the fundamental promises of the education service district concept: to reduce cost, to enhance services and to support program equity across school districts; and

WHEREAS, the Planning Team has maintained a working set of operating agreements since the summer of 2010, amending them as the development of the model progressed, and as the implementation of shared services reveal additional operational topics, the Planning Team will expand and refine those agreements, and is committed to ensuring that, as it evolves, the provision of shared services continues to support the varying business models and service agreements individual ESDs have developed over time in partnership with their component school districts.
