External Coaching Staff?	Need to assign hours to employees to determine how many hours ESST they are entitled to.
Sub Bus Drivers?	

Per the Department of Labor FAQ and our current PTO plans:

Front load with 80 hours of ESST is provided to an employee and made for immediate use at the start of each year and the ESST hours the employee did not use are not paid out at the end of the accrual year.

Front load with payout and no carryover- a minimum of 48 hours is provided to an employee and made available for immediate use at the start of each year and unused ESST hours are paid out at the end of the accrual year at the employee's hourly rate.

Accrual and carryover: Employee begins accruing ESST from their first day of employment, ESST accrues at the rate of at least one hour for every 30 worked, employees are permitted to accrue a minimum of 48 hours in a year, and employee carry over unused ESST into the next year. Accrued ESST is maxed at 80 hours for carryover.
