**Re: TASB Update 119**

TASB Update 119 consists of 9 local policies where they recommend updates to align with the recent legal policy changes. These revisions are derived from the legal updates prompted by the 87th Legislative session, Administrative Code Changes, and TEA policy requirements.

Legal policies are not adopted by the Board and provide a legal framework for key areas of District operation. Local policy requires Board action. These revisions are recommended in order to align local policy and practices with the recent legal policy updates provided by TASB.

Departments that lead the work in these areas had the opportunity to review the suggested changes, give feedback and to approve the policy updates proposed. Additionally, the 9 local policies within Update 119 were provided to the Board prior to tonight's meeting for review.

**CPC(LOCAL)**-Revised due to the Texas State Library and Archives Commission Bulletin B

**DMA(LOCAL)**-Added due to SB 1267 Requirement

**EHAA(LOCAL)**-Revised due to SB 9 Requirement

**EHB(Local)**-Added due to TEA policy requirements and special education monitoring reviews

**EHBA(LOCAL)**-Added due to policy requirements for ongoing TEA special education monitoring reviews

**EHBB(LOCAL)**-Revised due to HB 1525 in the regular session

**EIF(LOCAL)**-Revised due to Administrative Code Rules Requirement

**FFBA(LOCAL)**-Revised due to SB 1267 Requirement

**FFH(LOCAL)**-Revised due to SB 9 (Second Session) Requirement

**RECOMMENDATION:** I move for Board approval of the TASB Update 119 local revisions to policy as recommended.
