Re: MDE Best Practice Incentive Grants

The 2013-14 State School Aid Act provides \$52 per student in funding under section 22f, called the Best Practices Incentive Grant. Michigan Department of Education (MDE) requires that we have a resolution indicating that the District has satisfied 7 out of 8 best practices (sample enclosed). In order to obtain the funding of approximately \$700,000, we need to have the Board approved resolution to MDE by June 1, 2014.

We would like to discuss this at our next Finance Committee meeting on May 5, 2014.
