Dear Board Members,

It is difficult for me to fully express in words the extent of my gratitude for all you did to mark my retirement. The wonderful reception & delicious food. All Kris did to organize, decorate & put together the slideshow. My family & I were incredibly touched by all the effort put forth. Additionally, the recognition plaque & all the kind words spoken during the BoE meeting touched my heart in a way I am unable to describe. Thank you!

In so many ways my 28 years at WDF was my life's work as far as my career. WDF became my extended family & I was blessed abundantly by the students, staff, families, administrators & BoE members I worked with. It was satisfying to hear from the BoE that you believed together we worked to make a difference.

I will miss working with all of you & hearing about your daily lives & families. I wish all of you & the collective work of WDF the best & brightest future.

With gratitude & appreciation,
