10 th Grade	55
11 th Grade	37
12 th Grade	47
Total HS	193

Total Secondary Enrollment- 329

Staff Development for the month of June was very busy, we had staff participating in several different activities across the state. Secondary Administrators attended the Law Conference and TASSP in Austin.

The summer has been busy with summer school at the Junior High level for the 8th graders who failed the STAAR (SSI grade) these students retested the last week of June. We also started a summer school for a few other students who failed at the JH for the month of July using our ODESSEYWARE lab.

The new building is coming along and the staff is working hard to move materials and set up the building, the technology department and maintenance staff have been doing a great job of this.

At the high school we had several students come in for tutoring on the EOC that they failed. EOC's will be held the week of July 6th. The rest of the time has been spent on updating handbooks, student code of conduct, interviewing for open positions, master schedules, etc. We are looking forward to filling all of our positions as we move forward to next year.

Respectfully Your BISD Secondary Administrators,

Daron Worrell and Christy Price
