### **Pupil Attendance**

We have had good attendance and our only absences have been for doctors visits and illness.

### **Student and Staff Safety**

Students and staff participated in school safety discussions, a fire drill and emergency readiness talks. We had a significant earthquake here on the 22nd so that sparked lots of conversations on how to respond to an emergency at the school.

### **Subsistence Calendar**

Students and staff are hard at work to make the most of our shortened year. Students are progressing quickly and are working hard to achieve mastery and finish levels so they can get started on the next one!
