

# Dixon High School

November 2025

## NATIONAL CONVENTION

At the end of October, eleven Dixon Future Farmers of America (FFA) members attended the 98th National FFA Convention.

Accompanied by our new agriculture teacher, Miss Klein, the students spent three days exploring a vast career fair featuring colleges and businesses from across the country.

Some of the activities included testing out new agricultural equipment and applications, exploring industrial arts through simulators, and meeting ag industry influencers who shared key messages about “agvocating” for the industry. Each evening concluded with a chapter meal where students exchanged ideas and plans for the coming year, followed by a fun event such as the FFA’s exclusive rodeo for National Convention attendees and chaperones.

Highlighting the importance of agriculture nationwide, our students connected with FFA members from every corner of the U.S.—including Dixon, California!

# THE VERDICT IS IN

This fall, the Dixon High School Drama Department put on its production of *Ladies of the Jury*. The classic courtroom comedy follows a group of jurors as they debate the fate of the accused. The cast and crew spent weeks learning their lines, constructing the set, and working on costuming. Once again our drama department put on a showcase of impressive talent. Congratulations to the entire drama department for another successful production!

# FALL SPORTS WRAP UP

Dixon High School would like to highlight the stellar performances of our student-athletes this fall season. As the seasons came to an end, we celebrated sending athletes to state in boys and girls golf, girls tennis, and cross country. This season was especially exciting for cross country, as the boys team brought home the state championship!

Other accomplishments included volleyball's return to sectional play, boys soccer advancing to regionals, and football competing in the second round of playoffs. We are incredibly proud of our student-athletes and all they have achieved!
