The data below provides a five-year comparison of attendance, organized by elementary, middle, and high schools, as well as Belle Point Center. Fort Smith Virtual Academy (FSVA) opened for the 2022-2023 school year, initially serving grades K-8. It was expanded to include grades K-12 in 2023-2024, and shifted to serve grades 6-12 in 2024-2025. For each of these years, FSVA attendance has been categorized by grade-level divisions and included within the corresponding elementary, middle, or high school data.
