

# Forever a Mustang

Monthly Newsletter for Hidden Valley High School

May 2017

## -A Note from the Principal-

As the sun comes out, Hidden Valley High School is taking proactive measures to prepare for next year in the next couple of months. In light of finishing strong, we are focused on the here and now attempting to complete a good year where our students once again have had successes. One such is that of our Student Led Conferences this spring. For all students in grades 9-11, we had a very high rate of students complete this process which was very exciting. This process we will build from and make a few adjustments for next year's conferences in the spring. Advisory this year has largely been a focus area where relationships have been fostered employing a systematic approach to student ownership and accountability. Thanks to all who played a role in this success as the SLC's were truly special.

My office is working diligently during the next month to provide a master schedule that works for all students. It is my hope that parents keep in mind that this process can create some frustration, but that we are committed to do what we can to meet the needs of every student in regards to scheduling. We are working with Rogue Community College to align more College Now (dual credit) opportunities for our students as well. We will be adding Child Development that is coupled with a lab experience in our new day care that will be up and serving our community here in the building starting in the fall of 2017. Also, we are attempting to articulate Physics and several additional Agriculture Science classes. In total, our school will offer more than 135 college credits in our high school next year. We are extremely excited about this continued development and believe that this diversity in free college credit is of huge value to our students and families.

As a school district, we will be moving towards on-line registration. This, of course, is not the only way to register your student in the fall of the year, but we are encouraging all families to sign up for a ParentVue account so registration can be handled in this manner. There will be a few hurdles to overcome as we embark this new adventure- so please be patient. If you do not have a ParentVue account, please call our office and Liz or Ashlee can step you through the process of getting signed up.

Senior Super Stars has been changed to some degree by adding Grants Pass High School to the lineup of competition. This change is attempting to recognize the traditional pieces of our senior class fundraiser spiced with some new fresh ideas. The new "Clash of the County" will be held on May 6<sup>th</sup> at 6:00pm at Mel Ingram field. Hope everyone can come and attend this great after-graduation fundraiser.

Our high school is looking forward to the completion of the 2016/17 school year with anticipation for the next as we plan and complete the steps necessary during May and June. This planning perspective helps create a view for improvement that is rooted in what is best for our students. The planning and preparation by many is what makes Hidden Valley a place special and our next steps together will be fun...

Much respect,

Daye Stone, Principal

Brian Miller, Athletic Director

Lise VanBrunt, Assistant Principal
