# Annual Financial Accountability Management Report

Fiscal Year 2018-2019

Horizon Montessori Public Schools has received a Superior rating under the Texas Charter School Finance Accountability Rating System for fiscal year 2018-2019.

The Charter School FIRST (Financial Integrity Rating System of Texas), a financial accountability system for Texas Charter School developed by the Texas Education Agency in correspondence to Senate Bill 875 of the 76th Texas Legislature in 1999 and Senate Bill 218 of the 77th Legislature in 2001. The primary goal of FIRST is to achieve quality performance in the management of charter schools financial resources. This goal is now more significant due to the complexity of accounting associated with the Texas school finance system.

The Charter School FIRST accountability rating system assigns one of the four financial accountability ratings to Texas Charter schools, being the following: Superior, Above Standard, Meets Standard, Substandard Achievement, and Suspended on a scale of 0 to 100 total points possible.

#### **OVERVIEW**

Senate Bill 875 of the 76th Legislature and Senate Bill 218 of the 77th Texas Legislature authorized the implementation of a financial accountability rating system, which is regarded as School FIRST. The primary goal of School FIRST is to improve the management of school districts' financial resources. School FIRST was developed in consultation with the Comptroller of Public Accounts. Its development also initiated from the many comments that were received from school districts and regional education service center personnel. Texas Charter Schools are also held to the same standard of rating the management of the schools' financial resources.

Senate Bill 218 also requires each charter school to prepare the Annual Financial Accountability Management Report. Many business related issues are covered in this report; however, its focus lies on the Charter School FIRST rating worksheet. This worksheet was developed by representatives from the Texas Education Agency, Texas Business & Educational Council, and the Texas Association of School Business Officials. The worksheet is used to rate the District in the seven identified indicators, based upon its relative performance, except for the first four critical indicators. A negative response to any of the first four critical indicators will result in the school receiving Substandard Achievement.

The following report is based on Horizon Montessori Public Schools Charter School FIRST analysis of staff and student data reported for the 2018-2019 school year, including financial data for the 2018 fiscal year (September 1, 2018 to August 31, 2019) and details the prior year's Charter School FIRST rating for the 2017 fiscal year for comparison.

Horizon Montessori Public Schools Charter School FIRST rating for the fiscal year ending August 31, 2018, is Superior. This report lists data used to calculate the rating and the assessment for each indicator. In addition, the Annual Financial Accountability Management Report includes the reimbursements made to the board members and to the superintendent for the 2018-2019 school year. The required superintendent's current contract is available online at the Horizon Montessori Public School website located at the following address. www.hmps.net
