Choice 1--too many days off in Jan! Is that first inservice day for ALL or new teachers? (typo?) I like the first PTC days

I prefer choice 1 with 172 contact days and 7 inservice days.

I like Calendar #1. I like that we are continuing Parent Conferences 3 times during the year. I like the Thanksgiving schedule for Calendar 1 of an In-service day and Grading Day. I also like that the day after Halloween is an In-service day.

I like option #1 as our calendar option. The main reason I'm voting for this calendar is that the Trimesters are closer to the same length (T1 - 13 weeks, T2 - 11 weeks, T3 - 12 weeks). I also like the week of no students the last week in November. Attendance in my classes is usually really low during that week due to families traveling for the holiday. There is a large difference between trimester lengths in choice #2 (T1 - 14 weeks, T2 - 12 weeks, T3 - 11 weeks).

Non contract days are more evenly spread through out the year. Plus the bonus for the kids, 2 additional days :)
