

**Homedale School District
Transportation and Maintenance**

Middle school: The new doors by the lunch room have been installed. The projects have been completed and doing good.

Football field: Burke Deal has looked at the press box and would like to add on to the existing building. I do not advise doing this; there is some dry rot in the existing building and will cause a liability. It would be best to rebuild a press box.

Lunch program power: I am still waiting to hear back from Homedale Electric about the power for the hot lunch program.
