

Maintenance / Technology Dept.

October 15, 2018

Student Technology

- We have delivered 650 new iPads.
- We have delivered 70 new laptops to West.
- We have ordered 280 more laptops to replace laptops at East and West. The old ones from East and West will be refurbished and handed out to Minico Seniors.
- We have received the 240 refurbished desktops to replace half of our labs in the district to take care of Windows 7 ending in 2020. We will need to replace the other half of our labs next year. These computers will be installed during October and November.

Classroom Technology

- The intercom at East has been completed.

District Technology

- The district website now has a new look.

Security/Video

- We have started replacing and increasing the video cameras on all the main entrance doors in the district. Our priority is outside entrances, bus drop-offs, hallways, then classrooms.

Work Orders

- In August we combined our work order system with maintenance. Numbers will be both Maintenance and Technology starting in August. School Dude has been discontinued. It is too difficult to separate the numbers.

July	August	September
20 New	247 New	175 New
25 Resolved	137 Resolved	172 Resolved
41 Incomplete	151 Incomplete	154 Incomplete
