BOARD POLICY

No. 1312.4/6161.13(a)

RE: Library Collection Development and Maintenance

Approved: Date

The Bloomfield Board of Education recognizes that library and other education materials should be provided for the interest, information and enlightenment of all students, and represent a wide range of varied and diverging viewpoints in the collection as a whole.

Students shall have access to the library and other educational material that is relevant to the research, independent reading interests and educational needs of students based on a student's age, development or grade level.

The library media center is an important place for voluntary inquiry, the dissemination of information and ideas, and the promotion of free expression and free access to ideas by students.

A school library media specialist is professionally trained to curate and develop a collection that shall provide students with access to the widest array of age-appropriate and grade level-appropriate library and other educational material.

The Bloomfield Board of Education directs the Superintendent to create an administrative regulation that establishes a procedure for a certified school library media specialist to continually review library and other educational material within a school library media center using professionally accepted standards which shall include, but need not be limited to: the material's relevance, physical condition of the material, availability of duplicates or copies of the material, availability of more recent age-appropriate or grade-level appropriate material and continued demand for the material.
