

ADVERTISING AND COMMERCIAL ACTIVITIES

The purpose of this policy is to provide guidelines for the appropriate and inappropriate use of advertising or promotion of commercial products or services to students and parents in the schools.

"Advertising" comes in many different categories and forums and is defined as, "an oral, written or graphic statement made by the producer, manufacturer, or seller of products, equipment, or services which calls for the public's attention to arouse a desire to buy, use or patronize the product, equipment, or services." This includes the visible promotion of product logos for other than identification purposes. Brand names, trademarks, logos or tags for product or service identification purposes are not considered advertising.

The Board of Education may permit advertising in School District facilities or on School District property in the following categories or forums in accordance with the guidelines set forth herein:

A. Product Sales:

1. product sales benefiting a district, school or student activity (e.g., the sale of beverages or food within schools);
2. exclusive agreements between the District and businesses that provide the businesses with the exclusive right to sell or promote their products or services in the schools (e.g. pouring rights contracts with soda companies);
3. fundraising activities (e.g., short term sales of gift wrap, cookies, candy, etc.) to benefit a specific student population, club or activity where the school receives a share of the profits.

B. Direct Advertising/Appropriation of Space:

1. signage and billboards in schools and school facilities;
2. corporate logos or brand names on school equipment (e.g., marquees, message boards or scoreboards);
3. ads, corporate logos, or brand names on book covers, student assignment books, or posters;

4. media-based electronic advertising (e.g., Channel One or Internet or web-based sponsorship);
5. free samples (e.g., of food or personal hygiene products).

C. Indirect Advertising:

1. corporate-sponsored instructional or educational materials, teacher training, contests, incentives, grants or gifts;
2. the Board approves the use of instructional materials developed by commercial organizations such as films and videos only if the education value of the materials outweighs their commercial nature.

The films or material shall be carefully evaluated by the school principal for classroom use to determine whether the films or materials contain undesirable propaganda and are in compliance with the guidelines as set forth above.

D. Market Research:

1. surveys or polls related to commercial activities;
2. internet surveys or polls asking for information related to commercial activities;

It is further the policy of the Board that its name, students, staff members and District facilities shall not be used for any commercial advertising or other promotion of interests of any commercial, political, nonprofit or other non-school agency or organization, public or private, without the approval of the Board or its designee.

Any commercial advertising shall be structured in accordance with the General Advertising Guidelines set forth below.
